

Is the Gordon hat becoming to you?

Louisville's Municipal Affairs in a Practical State of Siege.

Republican Mayor, Democratic Board of Safety A. P. Aldermen.

Double Police and Fire Departments and a Great Mix-Up.

St. Louis, Aug. 26.—A special to the Globe-Democrat from Louisville, Ky., says: The expected crisis of the A. P. A. board of aldermen and Republican mayor against the Democratic board of public safety, which controls the police, fire, charitable and penal institutions, came last night shortly before 6 o'clock.

New chiefs of police and fire departments were recommended and orders were given for applicants for a new police force to assemble at the city hall at 9 o'clock to take control. Nine o'clock, as 6 o'clock, found the old board of safety at its office with the old chief of police, and the city hall protected on the inside by several hundred policemen. The trouble was feared every moment, but the night passed without it.

MONOCACY LOST. Strange Disaster Reported in a Sailor's Letter.

San Francisco, Aug. 26.—A report that the United States ship Monocacy has been lost at sea, Captain, has been received here in a letter from a man who was on the Yorktown, now lying at Yokohama. The letter, dated Aug. 24, and reads: "News has just reached us of the loss of the Monocacy, but there are no particulars, further than that there was a land slide or an earthquake. The story is not credited here."

SILVER PARTY. Another Address to the Voters is Issued.

Washington, Aug. 26.—From the headquarters of the national silver party in this city there has been issued by George P. Kennedy, of the National Association of National Silver Clubs, an address calling upon the people to organize silver clubs. The address says it is desired to organize these clubs in every school district in America.

It Cools the Blood. It is announced that after the meeting at Chicago Sept. 23 each organized non-partisan silver club, bimetallic club, bimetallic league club, Bryan and Sewall silver club, patriots of America and other silver clubs will be entitled to representation as follows: Three delegates at-large for each club of twenty or more, and one additional delegate for every fifty members.

It Cools the Blood. It is announced that after the meeting at Chicago Sept. 23 each organized non-partisan silver club, bimetallic club, bimetallic league club, Bryan and Sewall silver club, patriots of America and other silver clubs will be entitled to representation as follows: Three delegates at-large for each club of twenty or more, and one additional delegate for every fifty members.

ZANZIBAR'S SULTAN. Said Kaid in Possession of the Palace.

Zanzibar, Aug. 26.—The night passed quietly. Said Kaid is still in possession of the palace square, the guns of which are trained on the British warships Pilot, Brush and Sparrow, which have landed sailors to protect the British consulate, where all the ladies assemble. The warships are moored opposite the palace square, and their commanders are awaiting orders from the British government.

AMERICAN SHIPPING. Showing is Gratifying in Several Particulars.

Washington, Aug. 26.—The annual reports of United States shipping commissioners for the year ended June 30, 1896, show total shipments and discharges of seamen for American sea-going vessels to have been 128,856, compared with 118,487 for the previous year. New York's shipments and discharges were 45,429 for 1896, compared with 36,073 for 1895. The increase, being chiefly attributable to the operations of the American line trans-Atlantic mail steamers, San Francisco has increased from 20,829 for 1895 to 25,863 for 1896, attributable mainly to the greater extent to which Pacific coasting lines have been engaged in the shipping commissioner's office.

ITALY AND BRAZIL. Two Governments Said to Be at Loggerheads.

Washington, Aug. 26.—The recent political conflicts in San Paulo, Brazil, between the Italians and the Brazilians, as a result of which there are rumors that the Italian legation in Brazil will be withdrawn, as told in last night's dispatches, may have had some connection with the claims against the Italian government for damages inflicted upon its subjects during the late civil war in that country. There were a large number of these claims, and an arrangement was arrived at by which it was thought they would be adjusted.

ITALIAN SULPHUR. Heavy Increase Made in the Export Duty.

Washington, Aug. 26.—The state department has received a cable dispatch from Consul Cauchy, at Messina, Italy, stating that the Italian government, beginning today, exacts 1 lire (19.20 cents) tax per ton on sulphur, besides the present export duty of 11 lire per ton. The importance of this change to American iron interests is explained in a recent report by Consul Ritter, at Catania, Italy.

It Cools the Blood. It is announced that after the meeting at Chicago Sept. 23 each organized non-partisan silver club, bimetallic club, bimetallic league club, Bryan and Sewall silver club, patriots of America and other silver clubs will be entitled to representation as follows: Three delegates at-large for each club of twenty or more, and one additional delegate for every fifty members.

W. J. Bryan Continues His Journey Through the Empire State.

Syracuse, N. Y., Aug. 26.—William J. Bryan took up campaigning today almost before the sun was up. After a few hours rest from the Ulster marathon, which did not end until half an hour beyond midnight, and after a hurried breakfast, he and Mrs. Bryan boarded the hotel passenger train, which left Ulster at a quarter past 7. There was no parlor car on the train, and they took seats in the common coach, where the passengers crowded about them for handshakes and autographs.

He Responds With Speeches at a Number of Places.

Mr. Bryan had little to say about the dinner with Senator Hill, which was undoubtedly the most important event of his New York tour. "It was a purely social affair," he said to the press, "and I did not endorse every plank of the platform as expected, was commented upon as significant. There is a general feeling here that the candidate that he has received assurances that Senator Hill will declare for the ticket."

Two or three cross roads stations were passed without any demonstration at the early hour, though the press and a number of people, to whom the candidate spoke, he said: "I do not suppose the train will be long enough for me to say anything to you, but I rather imagine, however, from what I can see that you are not afraid of being overwhelmed with attention. I have had some of the gentlemen tell me that if we had free coinage of silver we will have so much money that we will be able to buy anything we want. Then, again, they tell us that the gold of the country would go out of circulation, and that we would be unable to coin enough for our use. "I rather amuse me that they expect there are lots of towns in this country that would not object to the locating of mints."

THE DAKOTAS. NORTH DAKOTA. James O'Brien was brought to Grand Forks for trial on charges of embezzlement.

WESTERN LEAGUE. At St. Paul, Minn., the Western League was organized.

STANDING OF THE CLUBS. NATIONAL LEAGUE. Played, Won, Per Cent.

Table showing standings of National League clubs: Baltimore, Cleveland, Boston, Philadelphia, Washington, Louisville.

WESTERN LEAGUE. Played, Won, Per Cent. Minneapolis, Indianapolis, St. Paul, Milwaukee, Grand Rapids.

MISSOURI GOLD DEMOCRATS. St. Louis, Mo., Aug. 26.—The gold standard, or as they call themselves, Democratic convention will hold a state convention here today for the purpose of electing delegates to the national convention.

It Cools the Blood. It is announced that after the meeting at Chicago Sept. 23 each organized non-partisan silver club, bimetallic club, bimetallic league club, Bryan and Sewall silver club, patriots of America and other silver clubs will be entitled to representation as follows: Three delegates at-large for each club of twenty or more, and one additional delegate for every fifty members.

TO SELECT A CANDIDATE. Congressional Fight in Twelfth Michigan District.

Houghton, Mich., Aug. 26.—(Special to Herald).—The Republican convention to nominate a candidate for congress in the Twelfth Michigan district has been called for tomorrow, and is to be held at Ironwood. There are four, and perhaps five candidates in the field, and every prospect of a hot fight from the first to the last ballot. It is only a month since H. O. Young, of Ishpeming, announced his candidacy, and at the Marquette county convention, held last Saturday at Negaunee, Young succeeded in securing the delegation, defeating Charles Smith, of Marquette, who has been in the field since last winter, by the close vote of 23 to 20. The practically taken Smith out of the race, Smith had conceded the twelve Marquette county delegates, and would have had one from Alger, two from Dickinson county, two from Delta county, in addition to his own county, but under the circumstances, he was not able to carry his canvass. Where his five or six scattering delegates will go is uncertain. Stephenson and Osborn both have an eye on them.

The other candidates are Hon. Samuel C. Powders, now in the field, and who now serves his fourth term, and desires a fifth. It is claimed against him that he is a hold-over from the previous year, not to ask for a re-nomination, Charles S. Osborn, of Sault Ste. Marie, and Hon. Charles Stephenson, of Houghton. Stephenson is an unopposed candidate, and Hon. Carl Shelden, of Houghton, is the other seeker for the nomination. Stephenson has a large following, and he will go into the convention, which will have seventy-one delegates, excited by the prospect of a hot fight in the district, will supply thirteen of these, the others coming, two each from the other counties of the county, with two claimed from Gogebic county. Osborn will enter the convention with a large following from present appearances, will have the largest vote of any of the candidates on the first ballot, and will probably be elected on the second vote, unless Young, providing Smith drops out entirely.

BASEBALL YESTERDAY. NATIONAL LEAGUE. At Baltimore-Baltimore, 2; Cleveland, 1. At St. Paul-St. Paul, 1; Chicago, 0. At Philadelphia-Philadelphia, 2; St. Louis, 1. At Washington-Washington, 3; Cincinnati, 1. WESTERN LEAGUE. At St. Paul, Minn., the Western League was organized.

STANDING OF THE CLUBS. NATIONAL LEAGUE. Played, Won, Per Cent.

Special Attractions For Tomorrow

And the balance of the week.

New Silks... New Dress Goods New Fall Waists Medium Weight Capes

For Fall Wear.

We offer for your inspection tomorrow the earliest arrivals of the new Fall Styles for the season of '96, comprised in the above named goods. What we are now prepared to show in these lines are all of the very latest. We invite you to come in and see for yourself; don't take our word for it; and if you don't buy you'll surely go away loud in your praise of their beauty, and surprised at the lowness of the prices asked for them.

Silverstein & Bondy

CHARITY PICTURES. Charming Lawn Fete at Hunter's Park.

\$5 and \$6 Tan Shoes all go at **\$3** PHILLIPS & CO.

The living pictures at the residence of W. C. Sherwood at Hunter's Park last night for the benefit of the Children's Home was a pronounced success, both artistically and what is almost as important, financially. This scene was a beautiful one. The lawn of the Sherwood residence slopes down in terraces, forming an amphitheater, and here the audience spread itself over the green of the lawn, and the effect of the costumes and the light thrown over all by the electric lanterns which adorned the scene was charming in the extreme. On the stage of the crowd were two fair copies made. On the veranda the pictures were displayed. Among them "The Silver Moon," "Summer," "The Choir Boy," "Other Days," etc. The pictures were exquisite. Not the least pleasing feature of the occasion was the dainty refreshments served by charming waitresses.

HIS OWN COUNSEL. Boy Prisoner Cross Examines Officer W. H. Smith.

The examination of the seven boys charged with taking wheat from Northern Pacific cars was commenced yesterday afternoon before Judge Boyle. The examination occupied all the afternoon and was unfinished when court adjourned in the evening, the hearing being continued to Friday afternoon. While Special Officer W. H. Smith was testifying, he was cross-examined by Attorney Abramson. "Are you sure about that," spoke up Abramson. "I'm pretty sure," answered Smith. "Where was I—that was the hour," continued Abramson. At this point, Abramson was told that Attorney Jones would attend to the cross-examination and he subsided. Abramson and Eddie Reid finally carried some evidence and testified in collaboration of Officer Smith. They were discharged. The other boys, John Nelson, Ed Corey, Edward Corey and Charles Hammerstrom, were released on their own recognizance to appear on Friday. Their mothers, who were present, promising to see that they were present.

State Fair Races. The races at the state fair this year will begin Tuesday, Sept. 1, and continue to Friday. This year all races will be run on a new track, and the purses will be \$100, \$500 or \$1,000, and will be separated into equal amounts. Every race will be a race and the winner is to receive what he is entitled to regarding the result of subsequent heats. There are to be twelve races, three for each day. A large number of entries have been made which include the fastest horses in the Northwest. Efforts are being made to secure Joe Patchen, Robert J. Badger and other fast ones for special events.

Cheap Farms. Low priced farming and grazing lands in Virginia, West Virginia and Maryland, located along the Baltimore & Ohio road and convenient to East coast markets can be purchased on easy terms.

DON'T STOP TOBACCO. Suddenly, to do so is injurious to the nervous system. Leco-Curo is the only cure that cures while you use tobacco. It is sold with a written guarantee that three boxes will cure any case, no matter how bad. Leco-Curo is vegetable and harmless. It has cured thousands and will cure you. At all drug stores \$1.00 per box, 3 boxes \$2.50. Write for testimonials and booklet. Brewster Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass.

GOLD, SILVER AND PAPER. All go with us for furniture moving. Trucks delivered, 25c. Great Northern Fuel and Transfer company, office 210 West Superior street, George W. Strayer, agent. Telephone 601.

TO START

County Commissioners May Start the County Wagon Road Soon.

Leland, Towle & Co. May Take the Bonds After All.

The County Authorities Expect to Hear From Them Tomorrow.

There is strong likelihood that the county wagon road from the iron ranges, for which the people voted \$150,000 bonds last spring, will soon be begun, and that in that manner a good deal of the idle labor in this section will be given work that will carry them through the fall and perhaps well into the winter. The bond matter is not yet settled, but it probably will be before the next meeting of the county commissioners Sept. 1. It will be remembered that the bonds were bid in by Dutch parties representing Leland, Towle & Co., Boston bankers. Subsequently there was some talk to the effect that the successful bidders would like to crawl out of their bargain and throw up the boards. The county authorities and the Boston firm's check for \$10,000, put up, as a guarantee of good faith, had the authorities decided to hold the bankers to their contract.

It is said that the bankers have now decided to take the bonds, and further, more that they expect to find a sale for them in a few days. In that case the money for the road will be ready to hand, and then the work of construction will go rapidly forward. The county authorities expect to hear from the bankers today or tomorrow. At any rate, the commissioners will know by Sept. 1 whether the Democratic convention and at that time it is extremely probable that something will be done.

Even if the bond matter is not definitely concluded, there is a sentiment in the board in favor of beginning the work early. Commissioner Dinham is in favor of starting the work in order to give employment to the many who will need it badly this fall. He says that the county has \$30,000 or \$40,000 that can be used to make a start, and it is in favor of using it.

The profiles for the beginning of the road are all ready, and all that remains is to let the contractors for the work. Some steps in this direction may be taken at the meeting of the board.

Their Forest Home. The police of Superior have discovered the rendezvous of a gang of members of which they believe to have been implicated in a number of crimes which have occurred of late across the bay. It is claimed that some days ago a homestead for a man named Danham and his face badly cut and bruised, lying in the woods. He had fallen from a tree while hunting deer. The stealer, at the wounded man's request, carried him to a shack where a dozen or more rough-looking men were gathered. The police heard of the affair, and on looking up the shack became convinced that it was the headquarters of a gang of toughs. No arrests have been made so far.

Superior's Normal School. The normal school at Superior is nearly completed and will be ready for occupancy by Sept. 1. On Sept. 1 the dedication exercises will be held, and will, it is expected, be attended by many prominent educators from all parts of the country. The school will open on Sept. 1, and there is assurance of a large attendance.

Effie Elaine Hext. There was a fairly large audience at the Congregational church last evening for Miss Effie Elaine Hext. The entertainment was exceptionally pleasing and Miss Hext proved herself to be an admirable declamator and a charming singer. Miss Sarah McKay presided, and her solo was splendidly received. Arthur Drake acted as the emcee and gave some choice songs of his own.

CURED AT 73 YEARS. Dr. Miles' New Heart Cure Victorious. No other medicine can show such a record. It is a wonderful cure for heart disease, with strong prejudice overcome, and had Heart Disease in pairs. He took the New Heart Cure and is now sound and well.

SAMUEL O. STONE. Grass Lake, Mich., Dec. 28, 1894. I have been troubled with heart disease 15 years or more. Most of the time I was so bad I was not safe for me to go out alone as dizzy spells would come falling. I had severe palpitation, shortness of breath, and sudden pains that rendered me helpless. All physicians did for me was to give me sleeping pills. In August last I commenced taking Dr. Miles' New Heart Cure, and before I had finished the first bottle I found the medicine was doing me good. I have now used four bottles in all and am feeling entirely well. I am 73 years of age and have had a grand old time of it. I feel that I owe my life to this medicine. It is a wonderful remedy for heart disease. I will be glad to give my name and address to anyone who will send me a copy of your New Heart Cure. SAMUEL O. STONE. Dr. Miles' New Heart Cure is sold on a positive guarantee that the first bottle will make All druggists sell it at \$1.00 per bottle for 60, or it will be sent by mail on receipt of price by Dr. Miles Medical Co., Elkhart, Ind.

Mimesota State Fair AND NORTHWESTERN EXPOSITION.

HAMLIN, MINN., (Midway Between St. Paul and Minneapolis.) Aug. 31 to Sept. 5, 1896.

This will be the week of the National G. A. R. Encampment in St. Paul and the National Knights of Pythias Encampment in Minneapolis. Night spectacles, parades and festivities in both cities during the week.

In addition to exhibits from Minnesota, there will be mineral, forestry and agricultural displays from Washington, Oregon, Idaho, Montana, North and South Dakota.

Four Days of Racing.—W. W. P., record 2:05 1/4, to pace against his world's wagon record of 2:08 1/2 and the track record of 2:07 made by Nancy Hanks. Marion Mills, the phenomenal pacing mare, to be sent against her record of 2:12 1/4 three days of the fair.

AMUSEMENT FEATURES.

Games of Lacrosse between Winnebago and Chippewa Indians. Three balloon ascensions and sensational parachute bicycle leaps. Daily exhibitions by Sid Black, the world's champion safety trick cyclist. Shotgun Tournament under auspices St. Paul Gun Club. Water throwing tests by fire engines. The Ferris Wheel. The wonderful painting, "Tribby." Living wild animals. Great band concerts. \$1,000 for bicycle competitions, etc., etc.

MONDAY, AUG. 31	Deere & Webber Bicycle Day
TUESDAY, SEPT. 1	St. Paul Day

THURSDAY, SEPT. 3	Farmers' and National Guard Day
FRIDAY, SEPT. 4	Minneapolis and Knights of Pythias Day
SATURDAY, SEPT. 5	Newspaper Men's Day

Low Excursion Rates Over All the Railroads.

MR. TOWNE'S RANGE TRIP. The False Reports of the News Tribune Condemned.

To the Editor of The Herald: There has been comment from the range with regard to Mr. Towne, and the correspondents of the News Tribune are all of one ilk. They dare not let the truth be known. With regard to the Virginia's description of the reception, as republished in the News Tribune, the editor of that paper dare not express his own sentiments, and when he writes he knew that he misrepresented the facts. In the article in the Tribune of Friday, the correspondents lied, Mr. Sellwood was not one of the committee. The Enterprise is a solid goodly paper, and the following appeared in its Friday edition.

The reception tendered Hon. Charles A. Towne and party at Crockett's Opera House last evening drew out one of the largest assemblages ever congregated in Virginia, the committee building being filled to overflowing, and many could not gain admittance. Mr. Towne's church, the Episcopal church, and other polished orators' efforts which have won him fame and even the most ardent admirer of Republican principles could not but admit the eloquent flow of oratory that filled the time for two hours. While his audience was large, the assemblage can hardly be accepted as a token of the public pulse, people of all political creeds uniting in doing honor to our present congressman.

The Enterprise is very much nearer the truth than is the Duluth News Tribune. This we do know, that on the range considerable money has been promised to defeat Mr. Towne. The Duluth News Tribune has in Virginia has been purchased for the campaign. They are to be paid \$50 to play only on the defeat of Mr. Towne. They are not to play for any other political organization. The club also tried to control the range, but they did not succeed. All their efforts are used to try and defeat the freedom of the American citizen. They will stand on the side of the corrupt and abuse and try to identify those who have an opinion of their own. Whatever effect W. T. Babbler's utterances in Duluth may have, his opposition to Mr. Towne will help him to elect him.

Skin Came Off

My skin came off in places, called Eczema. My body, head, and arms were covered with sores like drops of mortar, which came on every day. I suffered for over a year without relief, consulted several doctors with no result. I almost gave up hope. I saw an advertisement about CUTICURA REMEDY, and I bought a bottle. It was sold by F. B. BOYCE, 21 West Superior street. I took them, and in eight weeks I was well. I have never had a recurrence. I will be glad to give my name and address to anyone who will send me a copy of your CUTICURA REMEDY. F. B. BOYCE.

THE FAMOUS!

111 WEST SUPERIOR STREET.

ference between the commercial value of the silver bullion and the face value of the silver dollar goes to the government...

These dollars in the particular it has no more are not the same as the dollars which would be issued under free coinage...

It is not proposed by independent action on our part. It cannot be obtained by opening our mints to the unlimited coinage of silver...

Chiefly by means of legislation during and since 1878, there has been put in circulation more silver than gold...

On Aug. 22, 1891, in a public address, I said: "If we could have an international ratio which all the nations of the world would adopt, and the true ratio would be fixed between the two metals...

The Republican party has not been and is not now opposed to the use of silver money as its record abundantly shows...

Women get plenty of sympathy after they are dead. Tom Hood made a very pathetic picture in his "Bride of Sighs," but the probabilities are that the woman needed sympathy a great deal more before she died afterwards...

Uterine troubles are considered well-nigh incurable. Women seem to think that they must go on bearing these things forever. To be sure, some of them make an effort to get well by going to their physicians...

The Republican party to take from the circulating medium of the country any of the gold which is now in the country, it is proposed to keep all of the silver money now in circulation on a silver basis...

Unlimited irredeemable paper currency is the money of a country which is not a party to the gold standard...

The silver question is not the only issue affecting our money in the pending election. It is the only issue which is being used to divide the people of the United States...

Thus, in addition to the free coinage of silver, we are asked to enter upon an era of unlimited irredeemable paper currency. The question which is being asked is whether we are to be content with the present ratio...

On Aug. 22, 1891, in a public address, I said: "If we could have an international ratio which all the nations of the world would adopt, and the true ratio would be fixed between the two metals...

Its support and advocacy than now. If argument were needed strengthening its devotion to "the American system," or increase the hold of this system upon the people...

Washington, in his farewell address, Sept. 17, 1796, 100 years ago, said: "As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible, avoiding the accumulation of debt...

To facilitate the enforcement of the law which has been passed, it is proposed to bear in mind that toward the payment of debts there must be taxes; that no taxes can be devised which are not more or less inconvenient, unpleasant, or disagreeable...

In December, 1892, President Harrison sent his last message to congress. It contained a full and complete statement of the condition and resources of the country. It stated our situation so accurately that we have now no need to repeat his official and valuable testimony...

The tariff of 1894. The only measure of a general nature that affected the treasury and the employment of the people was the tariff of 1894, which did not receive the approval of congress...

Foreign immigration. The declaration of the platform touching foreign immigration is one of peculiar importance at this time, when our own people are in such great distress...

We have either been sending too much money out of the country or getting too much in. In both directions, our foreign trade has been diminished and our domestic trade has suffered...

engaged in legitimate business are satisfied with the present rate of interest. The offer for loans, though heretofore satisfactory, are no longer accepted...

What a startling and sudden change within the short period of eight months. From a rate of 100 to 100, it has now become 100 to 1000. What has occurred? A change of administration, all branches of the government, not least the treasury...

The tariff of 1894. The only measure of a general nature that affected the treasury and the employment of the people was the tariff of 1894, which did not receive the approval of congress...

Foreign immigration. The declaration of the platform touching foreign immigration is one of peculiar importance at this time, when our own people are in such great distress...

We have either been sending too much money out of the country or getting too much in. In both directions, our foreign trade has been diminished and our domestic trade has suffered...

the money necessary to conduct the government. It is not proposed by independent action on our part. It cannot be obtained by opening our mints to the unlimited coinage of silver...

Chiefly by means of legislation during and since 1878, there has been put in circulation more silver than gold. This has been done by the government...

Unlimited irredeemable paper currency is the money of a country which is not a party to the gold standard. It is the only issue which is being used to divide the people of the United States...

Thus, in addition to the free coinage of silver, we are asked to enter upon an era of unlimited irredeemable paper currency. The question which is being asked is whether we are to be content with the present ratio...

On Aug. 22, 1891, in a public address, I said: "If we could have an international ratio which all the nations of the world would adopt, and the true ratio would be fixed between the two metals...

"It Bridges You Over." "Battle Ax" bridges a man over many a tight place when his pocket-book is lean. A 5-cent piece of "Battle Ax" will last about as long as a 10-cent piece of other good tobaccos. This thing of getting double value for your money is a great help. Try it and save money.

NOTICE.

THE WEATHER.

United States Agricultural Department, Weather Bureau, Duluth, Synopsis of weather conditions for the twenty-four hours ending August 27, 1916.

Duluth temperature at 7 a. m. today, 64; minimum yesterday, 46; rainfall, 0.00.

Chicago, Aug. 27.—Forecast until 9 p. m. tomorrow: Fair to clear.

RESTORING PROSPERITY. E. P. Alexander, in a communication to the News Tribune today, says that bimetallism by international agreement.

Dr. Arendt's article in which he expresses the belief that the election of Mr. McKinley and consequent endorsement of the St. Louis platform would be virtually the deathblow of international bimetallism.

GOLD CONTRACTS ILLEGAL. There is a possibility that many voters are deterred from advocating the silver cause by a fear that gold may go to the premium and they would have to buy gold to pay their notes given on gold mortgages.

Although certain acts of the United States and the state of New York appear to render it feasible to make contracts specifically payable in gold coins, such acts are unconstitutional and such contracts ultra vires.

Reference to the Republican vote in a speech urging the Republican vote on the gold standard to stick to McKinley and the gold standard made this week's advertisement: "I should prefer an American contract system (of finance) if we could have one; but as between a European system and a Chinese system, I prefer the European."

Vienna, Aug. 27.—The czar and zarina arrived here at 10 o'clock this morning. The czar and zarina were met by the archdukes and archduchesses. Both sides of the streets leading from the station to the Hofburg were lined with troops, and their majesties were enthusiastically cheered on their way to the palace.

POLITICS BRING DEPRESSION. Duluth, Aug. 27.—The presidential campaign is having a depressing effect on the glass industry. All the glass factories in Duluth are closed.

them is but an idle dream. The majority of the gold Democrats who refuse to support Bryan, and who are now popularly known as Hamiltons, are single gold standard advocates and opposed to bimetallism by international agreement.

It is fitting that these people should vote for McKinley. They believe in the gold standard and oppose bimetallism, and they can consistently stand on the gold plank of the St. Louis platform.

THE GOLDBUG PROGRAM. The most conspicuous feature of Mr. McKinley's letter of acceptance is the suggestion that there is no legal authority for redeeming silver dollars in gold.

In a letter to the New York Journal from St. Louis, under date of June 14, Senator John J. Ingalls of Kansas said: "The supporters of the single gold standard, if they ever have the power, will retire the greenbacks and destroy the legal tender quality of the silver dollar."

It is not stated by what process they will clean us out of silver, but probably they will shove their dishonest old yellow metal at us and force us to accept it dollar for dollar in payment for our silver.

What a splendid record Bryan makes here. All the X-ray photographs taken by the goldbug press fail to disclose the slightest flaw in his character.

Tom Platt was too shrewd to accept the nomination of governor of New York. He knew he would be beaten as badly as was Fassel.

Three Lives Lost in a Minneapolis Fire. Minneapolis, Aug. 27.—Three persons lost their lives in a fire here that broke out at an early hour this morning in John Lund's saloon at 1205 Washington avenue south.

Although the registers previously showed ample accommodations, arrangements have been made in order to cover any attendance beyond the earlier estimates. Arrangements were made for the night of the 26th and 27th.

A LIVELY WEDDING. Bride Stabbed, Groom Hurt and Old Lover Killed. Pittsburgh, Pa., Aug. 27.—During the festivities following a colored wedding, early this morning, Robert Scott, a former lover, insulted the bride, and she, in a fit of rage, drew a knife and plunged it into his chest.

SAVINGS BANK FAILS. Chicago, Aug. 27.—The Avenue Savings bank, a small private bank on the corner of Thirty-first, street, and Michigan avenue, assigned this morning to the Chicago Title and Trust company.

NEBRASKA PROHIBITIONISTS. Lincoln, Neb., Aug. 27.—The thirteenth Nebraska state prohibition convention (Lovington followers) convened at Lincoln yesterday.

By the Court. PHINEAS AYER, Judge of Probate. Duluth Evening Herald, Aug. 27-Sept. 3-10.

such sum in the money current at the time of payment." The "Italian Code" says the same. The recent decision of the United States supreme court in the case of the Mississippi levee is to the same effect.

The attendance at the national convention of the Republican League clubs at Milwaukee was very light. Only about 500 delegates were present. This is a great falling off from the attendance at previous conventions.

Nothing is so "moving" as the extreme solicitude manifested by the Hanna gold syndicate for the poor workmen.

One of the gold standard paid campaigners is to speak to workmen at the West End car house Saturday night. Inasmuch as the gold standard pays him during campaigns, why should he not advocate it? But there is no reason why any workman should accept his advice.

This is essentially a building campaign on the part of the goldbugs. The same tactics are employed as were used by the Tories in 1775, and by the slave owners in 1850.

Duluth is well represented on the state ticket by the nomination of John A. Keyes for attorney general. Mr. Keyes is an able lawyer and would make a fearless public official.

An Evelevh dispatch to the News Tribune says that Judge Morris delivered a speech which at times seemed to be almost inspired. Who is suspected of having inspired it?

Mr. Donnelly was a mere cipher in yesterday's Populist convention. The people have no patience with any one who tries to stir up dissension this year.

Hanna says "Mr. Bryan is not cutting much hay." It is the general opinion that he has cut a pretty wide and long swath through the state of New York.

What a splendid record Bryan makes here. All the X-ray photographs taken by the goldbug press fail to disclose the slightest flaw in his character.

By the Court. PHINEAS AYER, Judge of Probate. Duluth Evening Herald, Aug. 27-Sept. 3-10.

and the latter finally voted for the bill. It is quite possible that Mr. Bryan may yet convert the New York orator to bimetallism.

The attempt of a Virginia correspondent of the News Tribune to prove that Judge Morris "is in the hands of the common, every-day people" is one of the most amusing incidents of the campaign.

Nothing is so "moving" as the extreme solicitude manifested by the Hanna gold syndicate for the poor workmen.

One of the gold standard paid campaigners is to speak to workmen at the West End car house Saturday night. Inasmuch as the gold standard pays him during campaigns, why should he not advocate it? But there is no reason why any workman should accept his advice.

This is essentially a building campaign on the part of the goldbugs. The same tactics are employed as were used by the Tories in 1775, and by the slave owners in 1850.

Duluth is well represented on the state ticket by the nomination of John A. Keyes for attorney general. Mr. Keyes is an able lawyer and would make a fearless public official.

An Evelevh dispatch to the News Tribune says that Judge Morris delivered a speech which at times seemed to be almost inspired. Who is suspected of having inspired it?

Mr. Donnelly was a mere cipher in yesterday's Populist convention. The people have no patience with any one who tries to stir up dissension this year.

What a splendid record Bryan makes here. All the X-ray photographs taken by the goldbug press fail to disclose the slightest flaw in his character.

By the Court. PHINEAS AYER, Judge of Probate. Duluth Evening Herald, Aug. 27-Sept. 3-10.

A MOTHER'S DUTY.

Your daughters are the most precious legacy possible in this life. The responsibility for them, and their future, is largely with you.

Compound is the sure reliance in this hour of trial. Thousands have found it the never-failing power to correct all irregularities and start the woman on the sea of life with that physical health all should have.

CLEVELAND IS BITTER.

The Administration Will Work to Defeat Bryan. Washington, Aug. 27.—(Special to The Herald.)—Secretary Smith's resignation has inaugurated an era of voluntary political martyrdom among the small fry officials in Washington.

It is now announced from a source which seems to be officially inspired that President Cleveland will go into this country with much more feeling than he has ever brought into any previous campaign.

ONTONAGON'S FUTURE.

Depends on Rebuilding of Match Company's Mills. Houghton, Mich., Aug. 27.—(Special to The Herald.)—It is doubtful if the Diamond Match company will rebuild the mills at Ontonagon, as the company has only three years' timber left to cut.

READY FOR CROWDS. Additional Tents Pitched in Camp Mason. St. Paul, Aug. 27.—The citizens' committee, in charge of the Grand Army encampment preliminaries, today increased the capacity of Camp Mason by eighty tents, making a total of over 400 tents, accommodating about 5000 people.

BURNED TO DEATH.

Three Lives Lost in a Minneapolis Fire. Minneapolis, Aug. 27.—Three persons lost their lives in a fire here that broke out at an early hour this morning in John Lund's saloon at 1205 Washington avenue south.

A LIVELY WEDDING.

Bride Stabbed, Groom Hurt and Old Lover Killed. Pittsburgh, Pa., Aug. 27.—During the festivities following a colored wedding, early this morning, Robert Scott, a former lover, insulted the bride, and she, in a fit of rage, drew a knife and plunged it into his chest.

THE SCHOOL TROUBLE.

The Methods Employed by the Antis Censured.

To the Editor of The Herald:

It must be presumed that a citizen whose general public interest is almost entirely to ask for a few remarks on a topic which does not at other times receive the attention it deserves. I refer to school matters.

The News Tribune of yesterday indulges in certain occurrences among the members of the board of education and other persons connected with the school system. Your own news columns report those occurrences as "innocent wire pulling," while editorially you call attention to the seriousness of the charges. Whatever interpretation be correct, the facts seem to be established.

Up to the present time politics have been kept out of the administration of our public schools. The wise provision of holding school elections at a different time from the general elections. Now for a set of men to introduce into school matters the methods of ward politicians, wire pulling, if you please, and the control of the board and distribute them so as to make capital for or against more personal issues is deplorable and demands severe public censure.

The anti's claim that they were elected for a definite purpose. To a certain extent this is true, for their side had a record made of all the votes cast at the election. But it is very doubtful if this expresses the wish of the majority of the people. It is living in the suburbs, with my place of business fully five miles away from the polling places, did not vote at all for I could not go to the polls between the hours of 10 a. m. and 4 p. m. I should have voted for the Democratic ticket simply because the other side made a fight upon one person and I want such questions decided for the people, not on personal prejudices. In the small circle of my acquaintances I know many men of the same mind who could not vote for the same reasons as myself, and this may apply to thousands of our voters. Our very greatest criticism and industry. It is known that high school pupils peddle tickets for the anti's and it is asserted that many of them voted, no questions being asked by the judges.

Get the four new members of the board remember that now they do not represent a faction, but the whole people. If they have any good reasons for demanding the resignation of Mr. Deuel, the public is entitled to know them. Come out in the open and prefer formal charges before the board, so we can all form an opinion. General phrases and insinuations and personal attacks can have only one result, namely, destroying what little discipline exists, and impairing the usefulness of our schools.

Scholastic.

Duluth, Aug. 27.

E. H. Gay Thinks He Can Solve the City's Water Question.

The Plants Will be Offered as Stated in The Herald.

There is an Apparent Division Between Stockholders and Bondholders.

An offer is to be made soon by which the city may obtain control of the water plant. This is as stated in The Herald on Friday last. The gas plant will be included also if the city desires it. The offer will be made as the result of an agreement between the gas and water company and the bondholders, if an agreement is possible; if not, it will be made anyhow. So say the bondholders.

E. H. Gay, of Boston, for whom Mr. Cole, as he announced in his interview in The Herald, has been waiting, arrived yesterday. Mr. Gay said today that the bondholders feel that they are justified in coming to the front now and presenting their own interests.

"We feel not only justified, but compelled to do so," said he in speaking of the matter. "We have not had a chance to be heard before, but now we have something to say, and we propose to say it directly to the council and not through any intermediary. The situation is now complicated by the fact that the city wants the gas plant and the water plant are standing out for it. If it were a mere matter of disposing of the water plant, it could be easily arranged. As it is, an effort will be made to make an arrangement that will satisfy both the bondholders and the city. If no such arrangement can be made, then we shall be compelled to deal with the city solely with a view to the protection of our own interests. We feel that we have been slaughtered enough. If we had not been called on by the stockholders to help ourselves, we would not have felt justified in coming on the scene in this way. But the burden of expense of defending our interests and negotiating the \$1,100,000 issue, in that we had no hand, although efforts were made not only by the E. C. Jones company but by other firms in the city to get us a continuance of the Mallett suit. And we find that capital has been made through it all by casting odium on us as the ones to blame. Besides the burdens already cast on us, we find back taxes unpaid."

"How about the interest on the bonds that has not been kept up?" was asked of Mr. Gay.

"What if it should happen that there is danger of default, was the rejoinder. "But to say nothing of that," Mr. Gay continued, "the bonds already cast on us are such that we feel justified in acting independently."

When asked if it would be possible to discuss a about what figure the bonds on the gas and water plants would be offered, Mr. Gay said that the bonds could be exchanged dollar for dollar. Or bonds, say, at \$100,000 could be exchanged for \$200,000 first mortgage, a total of \$1,500,000.

"Of course this may have to be shaded somewhat, but how much I cannot say at present, for I do not myself know," said he.

"I understand," said he, "that there is a prospect that the E. C. Jones company may want to hold the bonds. If it should happen that they are not able to handle the entire issue, I am ready to step into the breach. I have been in correspondence with various houses abroad, where conditions are more favorable than here, and have assurances that I can place the bonds for so much of the issue as may be desired. Of course, any offer to secure funds for carrying on the gas and water plants, making the connection with the present system will be predicated on the offer of the gas and water bonds."

"As to what offer will be, I can have no more definite," said Mr. Gay, in conclusion. "For you see, as matters at present stand, this is a three-cornered game between the bondholders, the city and the stockholders, and you do not know what the other side will do."

"Suppose that you and the stockholders are unable to arrive at an arrangement satisfactory to both of you, what then?" was asked Mr. Gay.

"Well, replied he, "then we must take care of ourselves."

Mr. Gay said that he and Mr. Cole had arranged to have a conference with the Harbors commission.

The mayor said in regard to the prospect of an approaching solution of the water question, "I am sure that the offer would probably be entertained. What is a reasonable figure? I would like to give a matter of mathematical computation, easily arrived at. Let them name a representative, the city will name one, those who can name a third, and they can figure it out. I suppose their offer will be for 4 per cent city bonds in exchange for the gas and water bonds. As to the \$1,100,000 bond issue, if they take that, I should be in favor, if they will take the bonds at 4 1/2, allowing them on the plant the difference between that and 5 per cent."

City Attorney Benham is yet in New York, and, according to the mayor, it is probable that he will remain there until he either gets the opinion or receives instructions to return. Mr. Benham went to New York on purpose to get the opinion, and it is unlikely that he will leave without carrying out this mission or receiving a definite refusal to deliver the opinion, without instructions to do so. To do so would cause so far to mount all the expense incurred in making the journey. The rumor that a representative of the E. C. Jones company is already here originated from an error in the Boston Herald, a telegram, alluded to in The Herald yesterday, to the effect that some of the Jones' people might come with him when he returned. "What the Jones' people would accomplish by sending a man here is more than I know," said the mayor. "They certainly cannot expect that their contract will be changed."

FOR RENT CHEAP.

An 8-room house on West First street, five blocks from Spaulding House, has all modern conveniences, including bath, kitchen, bath room, etc., but is heated by stoves. Call on George Crosby & Co., 108 Front Street, Duluth.

NO MORE SPARRING.

Mayor Truelsen Sits Down on the Manly Art.

An application was made to the mayor by Frank Hayes today for permission to give a sparring exhibition. The mayor is weary of puzzling his brain to determine the difference between sparring for points and reaching for the other. He says the distinction is too fine for him, and he has determined to shut down on the whole business.

M'KINLEY OR FUSION.

Prominent Missouri Republican Predicts Duluth's Growth.

Maj. S. G. Brock, of Macon, Mo., chief of the bureau of statistics under President Harrison's administration, is visiting his nephew, F. A. Brown, of this city. Maj. Brock is one of the most prominent Republicans of his state, and thinks McKinley will carry Missouri, unless there should be fusion between the Democrats and Populists, in which case he admits that the state could be very much in doubt. Maj. Brock visited Duluth ten years ago, and is astounded at the city's growth and progress. He predicts that there will be 500,000 people at the head of the lakes in less than twenty-five years.

The Mortality List.

The following deaths have been reported to the health department: William Gibbs, aged 21, of 525 Second avenue east; appendicitis; Mrs. D. J. Haski, aged 36, of 323 Fifth avenue east, of heart disease.

The following births have been reported to the health department: A son to William and Minnie Strompeck, of 2064 Martin street; a daughter to Edward and Susie Wilson, of 1017 Railroad street; a son to George H. and Lillie A. Brown, of 419 London road.

MILLIONS OF INCREASE.

Immense Receipts of Grain at Duluth.

All who have watched the grain receipts at the head of the lakes for the past six months have become aware that this was to be the biggest year for grain receipts the head of the lakes ever saw. Few, however, have had any idea of the magnitude of this year's business. The crop year ends next Monday night, and the exact figures for the year will not be made up until some time Tuesday, but enough can be approximately arrived at to indicate something of the tremendous amount of grain received at this point since Sept. 1, 1935. The crop will be a few million bushels out and into the city's grain and progress. It follows are a conservative guess. In all probability they will be below rather than above the facts.

When the crop year ends there will have been about 65,000,000 bushels of wheat received at Duluth and Superior. The amount last year was 37,702,000, and the greatest previous year, 1931-2, the amount was 51,535,000. The greatest percentage increase, however, was in coarse grains, all except corn. In the year just closing 200,000 bushels of corn were received. There were but 3000 bushels last year, but in 1935-6 there were 228,000. In all the other coarse grains, however, more, a great deal more, was received this year than in the four previous years put together.

During this year about 4,000,000 bushels of oats were received. In former years the receipts ran as follows: 21,000 bushels in 1891-2, 45,000 bushels in 1922-3, 295,000 bushels in 1931-2, and 1,112,000 in 1935-6. The increase in oats is also large. This year's receipts will be about 1,200,000 bushels, against 300,000 bushels in 1931-2, 61,000 bushels in 1932-3, 44,000 bushels in 1933-4 and 100,000 bushels in 1934-5.

Of barley 4,500,000 bushels will be about the sum for this year, against 161,000 bushels in 1931-2, 165,000 bushels in 1932-3, 667,000 bushels in 1933-4 and 2,169,000 bushels in 1934-5. Flax has shown an extraordinary increase from 1,528,000 during the four previous crop years together to 5,500,000 this year.

Adding flour reduced to wheat, and the total will come just under the 100,000,000 mark, making a remarkable showing in the history of Duluth as a grain receiving point.

St. Paul's kindergarten reopens Monday, Aug. 31, 1108 East Superior street. Alice E. Butchart, Principal.

THE SCHOOL TROUBLE.

The Methods Employed by the Antis Censured.

To the Editor of The Herald:

It must be presumed that a citizen whose general public interest is almost entirely to ask for a few remarks on a topic which does not at other times receive the attention it deserves. I refer to school matters.

The News Tribune of yesterday indulges in certain occurrences among the members of the board of education and other persons connected with the school system. Your own news columns report those occurrences as "innocent wire pulling," while editorially you call attention to the seriousness of the charges. Whatever interpretation be correct, the facts seem to be established.

Up to the present time politics have been kept out of the administration of our public schools. The wise provision of holding school elections at a different time from the general elections. Now for a set of men to introduce into school matters the methods of ward politicians, wire pulling, if you please, and the control of the board and distribute them so as to make capital for or against more personal issues is deplorable and demands severe public censure.

The anti's claim that they were elected for a definite purpose. To a certain extent this is true, for their side had a record made of all the votes cast at the election. But it is very doubtful if this expresses the wish of the majority of the people. THEY WANT DIVORCES.

Two Wives Make Charges Against Their Husbands.

Kitty Strelf has begun a suit against her husband Jack Strelf asking for a decree of absolute divorce. The plaintiff alleges that her husband is an habitual drunkard and that he has been guilty of cruel and inhuman treatment toward her. Plaintiff is 20 years of age and defendant 28 years. They were married in St. Paul in 1914 and came to Duluth about a year ago. Annie Ready is plaintiff in a divorce suit against her husband, Henry Ready. The complaint sets forth that plaintiff is 21 and defendant 29 years of age and that they were married at Duluth in February, 1935. Ready is alleged to have beaten his wife, used insulting and abusive language to her and to have followed her on the street with a drawn knife and threatened to kill her. The plaintiff asks to be allowed to resume her maiden name of Annie Koidstad.

HOMEWARD BOUND.

The Visiting Millers Return From Minneapolis.

The members of the Pennsylvania State Millers' association, who were in Duluth Tuesday and went to Minneapolis, returned this morning. They were taken for a ride around the business district by the local Millers' association, and if there is sufficient time this evening before the Japsa leader from Detroit, who will visit the Pavilion, at Minneapolis they were entertained yesterday by the Millers' club. Some of the party visited the millers during the day, and others went to Lake Minnetonka, where a lunch was served. Last night a banquet was given in their honor at the West hotel.

Passenger Season Ending.

The season of the Northern Steamship passenger boats will close with the sailing from Duluth of the North West, on Sept. 8. Each of the big boats will make two more round trips from the head of the lakes. The North West will leave Duluth next Saturday and on Sept. 8, and on returning from Buffalo will stop up here on Sept. 11.

The North West will leave Duluth on Sept. 1 and Sept. 8, and returning will stop at the head of the lakes. It will tie up during September special excursion rates will be made on the basis of \$29 for the round trip to Buffalo.

Picture Frames at Cost.

Fine mouldings, made up 3 cents per foot. C. Decker, 905 West Michigan street.

Cheaper Fuel.

SPECIAL SALE!

Thousands of Dollars Worth of Goods Must be Sold at Less Than Half Their Value. Wheat was Strong and a Bulge Over a Cent Occurred.

Chief Cause Was a Buda Pesth Estimate of World's Production. Heavy Shortage in Both Wheat and Rye is Figured Out.

Wheat opened higher this morning and closed at an advance, the day on the Duluth board. The chief reason for the firmness was that the Austria-Hungary minister of agriculture had published his usual yearly estimate of the world's production of wheat and rye and reports a shortage for this season, as compared with last, equal to 14,500,000 bush of wheat and 15,000,000 bush of rye, estimated to be much smaller. Some people on the Chicago exchange, who for ten days past have been unable to borrow money on the basis of dollar bills for their own use, were offered some of the more recent purchases of good brought in from America by the Russian revolution. An English trader here said that in 1900, when a week would be wanted from America by European importers for wheat, which at the end of December, and added its testimony to what was generally reported from other sources, regarding the failure of the Russian crop in the southern part of that country, where the bulk of the export surplus is usually realized.

At the Duluth board, the wheat and rye cables were strong, indicating evidence by the Buda Pesth estimate. Chicago receipts were 121 cars of wheat, 12 cars of rye, and 2087 bush of wheat from store stock. The foreign bills for wheat and rye were higher than on the day before, and there was a general feeling that 200,000 bush of wheat had been taken at Chicago, 100,000 bush of rye, and 1,000,000 bush of wheat at the opening as already stated and became stronger as the foregoing information was gradually diffused among the traders. September wheat opened here 1/4 cent higher, and rye 1/8 cent higher. October wheat was higher at 60¢ asked. Shipments bought 100,000 bush of cash at 45¢ and 50¢ for September for old wheat and 40¢ and 45¢ for new wheat. The mills were not in the market. Following are closing prices: Wheat—No. 1 hard, cash, 97¢; No. 1 northern, cash, 95¢; No. 2 northern, cash, 93¢; December, 95¢; January, 94¢; March, 93¢; May, 92¢; July, 91¢. Rye—No. 1, cash, 45¢; No. 2, cash, 43¢; No. 3, cash, 41¢; No. 4, cash, 39¢; No. 5, cash, 37¢; No. 6, cash, 35¢; No. 7, cash, 33¢; No. 8, cash, 31¢; No. 9, cash, 29¢; No. 10, cash, 27¢.

CATTLE AND HOGS. Chicago, Aug. 28.—Wheat, official receipts yesterday, 2,351; shipments, 701. Cattle—Official receipts yesterday, 1,200; shipments, 500. Hogs—Official receipts yesterday, 1,200; shipments, 500.

THE MINNEAPOLIS MARKET. Minneapolis, Minn., Aug. 28.—Wheat, cash, No. 1 hard, 97¢; No. 2 hard, 95¢; No. 3 hard, 93¢; No. 4 hard, 91¢; No. 5 hard, 89¢; No. 6 hard, 87¢; No. 7 hard, 85¢; No. 8 hard, 83¢; No. 9 hard, 81¢; No. 10 hard, 79¢.

THE LIVERPOOL MARKET. Liverpool, Aug. 28.—Wheat, spot, firm; futures, wheat, No. 1 northern spring, steady, wheat, No. 2, 1/4; No. 3, 1/2; No. 4, 1/2; No. 5, 1/2; No. 6, 1/2; No. 7, 1/2; No. 8, 1/2; No. 9, 1/2; No. 10, 1/2.

There was a great demonstration here last night in honor of the fusion silver ticket. It was the formal opening of the campaign in this county...

as money has maintained its value in the face of increased production. Legislation also gave silver an equal value according to the adapted ratio. That value was taken away by legislation. It can be restored by again opening the mints to free coinage at the ratio of 16 to 1, and making the order dollars so coined an unlimited legal tender for the payment of all debts, public and private.

MR. ALEXANDER AGAIN. The Herald today gives space to Mr. Alexander, who has left the Democratic party to assist in forming a new party of gold standard sympathizers. Mr. Alexander objects to a statement that he unfairly quoted from Dr. Arendt's article in a letter to the News Tribune and sought to create the impression that Dr. Arendt favors the election of McKinley as a step towards international bimetalism. And yet in his communication to The Herald today, Mr. Alexander still refrains from alluding to the fact that Dr. Arendt says that if he were an American citizen he should unhesitatingly vote for Mr. Bryan; also that it is obvious that the spirit of the Republican convention at St. Louis "was inspired by Wall Street, while McKinley himself deserted the people's cause and closed an alliance, offensive and defensive, with all-grasping capital;" also that "Bryan's victory will no doubt prepare the way for an international agreement."

Why did not Mr. Alexander quote these portions of Dr. Arendt's letter if he was imbued with such an intense spirit of fairness as he professes? Why did he quote only the portion which favors international bimetalism and then, in argument of his own agents, Mr. Bryan's selection, allow the impression to be created in the minds of his readers that Dr. Arendt opposed Mr. Bryan's election? Was this not unfair? Was it not dishonest?

That Mr. Alexander himself is now impressed by the unfairness which he has shown is shown by his attempt to justify his action by claiming The Herald was guilty of similar conduct. He says The Herald led its readers to believe Mr. Blaine was in favor of free coinage of silver by this column alone. This is incorrect. Extracts from Mr. Blaine's speech were published to show that he believed the maintenance of the gold standard would be disastrous to this country and it was pointed out that his prediction of the ruin and loss which would follow the continued demoralization of silver has been verified. The Herald did not seek to create the impression that Mr. Blaine then advocated independent free coinage of silver. It was quoting Mr. Blaine on the ruinous effect of the gold standard system and not on any other point. At other times it said that Mr. Blaine then opposed independent free coinage, but that was two years ago, that attempts had been repeatedly made since that time to obtain an international agreement, and that there is no doubt that Mr. Blaine, if alive today, would have opposed the St. Louis gold plank's adoption and would have taken his stand with those who believe that, since all attempts to obtain an international agreement have failed, the time has arrived for the American people to act independently and throw off the gold standard yoke.

Mr. Alexander says an article purporting to be from the London Financial News, which was published by The Herald, has been "proved to be a forgery." This is not correct. The forgery has been charged, not proven. Mr. Alexander should not decide on that charge until he has heard the other side. The Herald believes the article did appear in the Financial News. It copied it from a leading American newspaper, which had credited it to the Financial News, and it is awaiting a reply from that journal before answering the charge that it was forged. But this statement by Mr. Alexander is characteristic of many men on the gold standard side. They reach conclusions after hearing only one side of the financial question. They do not listen to the facts and arguments presented by the other side, but base their decisions on half of the evidence in the case. The Herald made no insinuation as to the cause of Judge Morris' candidacy. It must confess that it is a mystery why he ever accepted a nomination which means certain defeat and which he repeatedly said he could not afford to take. It has been stated in public print that he has been guaranteed \$5000 a year if defeated. The Herald has seen no denial of this story, and in reply to a Veranda correspondent it truthfully admitted that it has no definite information on the point. If this is an insinuation against Judge Morris, it must stand, because The Herald cannot conscientiously give any other reply to the inquiry regarding the report.

SIGN OF THE SYNDICATE BOSS. —St. Louis Post-Dispatch.

MR. BRYAN COMING. The Herald takes pleasure in announcing that Hon. William J. Bryan, the silver candidate for president, will address the people of Duluth during the campaign. The time when he will be here has not been definitely decided, but it is certain that he will speak here. Mr. Towne has received a personal letter from Mr. Bryan saying that he will deliver a speech here and probably a second speech at another point in the Sixth district. It will undoubtedly be arranged to have the second speech delivered at St. Cloud, where there is an auditorium which will hold 4000 people, and as it will give the farmers in the western end of the district an opportunity of listening to the next president of the United States.

J. Sterling Morton, candidate for president before the Hannate convention, has written a letter in which he says: "If, after the free and unlimited coinage of silver has been adopted by the government of the United States, a silver dollar containing 35 cents worth of bullion can be made to float at a parity with a gold dollar, why cannot a silver watch be made by statute just as valuable as a gold watch costing twice as much? If you can put value into silver for monetary purposes, you can put value into silver for art purposes, for plates and jewelry with equal facility by a single act enacted by congress." Now, that is sensible, is it not? Coining money, a prerogative of the government and workmaking a business anybody can engage in, are considered alike by the great J. Sterling. Will he please tell what it is that makes our present "35 cent" dollar worth 100 cents? How comes it that an act of congress has made it worth a dollar?

The Fargo Argus yesterday addressed an article to Mr. Bryan, making various charges regarding his views, and asking explanations. The Argus will probably not get any reply, unless the editor writes the charges on a postal card addressed to Mr. Bryan.

Jiminy Goss is accompanying Judge Morris on his tour of the iron ranges and is sending accounts and fact-finders to the News Tribune. And of course, when he says that Judge Morris is sweeping all before him, it must be so.

So Bob Dunn has been "converted" to the gold standard? This is not surprising to the Herald, which has never been deceived by his professions.

Read The Saturday Herald tomorrow. All the news and the best special features to be found in any newspaper at the head of the lakes.

THE ONE GENT STORE. 109 WEST SUPERIOR STREET. DULUTH. QUICK CURE FOR ALL PAIN. SALARIED MEN'S INTEREST. How Restoration of Bimetallism Would Benefit Them. John F. H. Heide, a well known Chicago business man, says in the Chicago Record: There is an impression in Chicago and other large cities that a salaried man, being a creditor to the extent of his salary, would not be benefited, but would be rather injured by the re-establishment of bimetalism. Most of these under that belief are bookkeepers, clerks and salaried labor for their wages. They believe that, without the assurance of an increase in their salaries, their interests are opposed to the interests of the farmer. We will avoid argument for the moment, but we will examine the matter in a different way. We will assume that the farmer is a salaried man, and that he is a creditor to the extent of his salary. We will assume that the farmer is a salaried man, and that he is a creditor to the extent of his salary. We will assume that the farmer is a salaried man, and that he is a creditor to the extent of his salary.

REPLY BY MR. ALEXANDER. Denies He Unfairly Quoted From Dr. Arendt. To the Editor of The Herald: In yesterday's issue of your paper, you published an article in which you were quoting the portion of Dr. Arendt's article in which he expresses the opinion that the election of McKinley will be the death blow to international bimetalism, and say, "We are seeking to create the false impression that Dr. Arendt favors McKinley's election as a step towards international bimetalism." Now, Mr. Editor, this statement of yours is entirely without foundation in fact. I have read the article of Dr. Arendt, and I have found that he does not say a word in favor of international bimetalism. On the contrary he says, "I am not in favor of international bimetalism. I am in favor of the gold standard."

FREE COINAGE RESULTS. What Would Be the Effect of Free Coinage? To the Editor of The Herald: It is said by some that the probable result of free coinage of silver is entirely a matter of theory. Is it not a fact that past history is also a guide for the future? Also isn't it a fact that during the past twenty years, money panics, general bankruptcies and distress have surely followed legislation unfavorable to silver? And, on the other hand, has not general prosperity of the country resulted from legislation favorable to silver? In other words, whenever bankers and capitalists have controlled legislation, the effect has been hard times for the common people; but whenever the people through their representatives have secured legislation favorable to silver as in 1876, general prosperity has followed.

HARRY HILL DEAD. New York, Aug. 27. Harry Hill, the once wild and famous sporting man of this city, died of fever yesterday at Flushing, L. I. He was 70 years old.

SHERIFF'S SALE OF REAL ESTATE UNDER JUDGMENT OF FORECLOSURE. State of Minnesota, County of St. Louis. District Court, Eleventh Judicial District. Charles D. Campbell, Plaintiff, vs. M. M. Gassner, as administrator of the estate of Hiram C. Allard, deceased, and the unknown heirs of said Hiram C. Allard, Defendants. Notice is hereby given that under and by virtue of a judgment and decree entered in the above entitled action on the 23rd day of July, 1896, a certified transcript of which has been delivered to me, I, the undersigned, sheriff of said St. Louis County, will sell at public auction, to the highest bidder for cash, on Thursday, the 10th day of September, 1896, at 10 o'clock in the forenoon at the front door of the court house, in the city of Duluth, in said county, in two-story frame building being and being in the county of St. Louis and state of Minnesota, and situated upon the east one-half (1/2) of lot thirty-two (22) West Superior street, in Duluth, Proper, Duluth, Minn., and being in the county of St. Louis and state of Minnesota, a certain parcel of real estate described in said judgment and decree, to-wit: All those tracts or parcels of land lying and being in the county of St. Louis and state of Minnesota, described as follows, to-wit: One one-half interest of government lot one and two (1 and 2), in the southeast quarter of the northwest quarter (24 of 24) of section thirty-one (31), in township sixty-two (62) north range one (1) west of the fourth principal meridian, according to the government survey thereon. Dated July 23, 1896. Sheriff of St. Louis County, Minn. By AMOS SHEPHERD, Deputy.

\$31,500

The Duluth & Winnipeg Attorneys Are to Receive That Amount.

Judge Lochren Has Ordered the Receiver to Pay It.

Sarah Keenan Claims That Security Bank Accepted Deposit Too Late.

The attorneys for the bondholders and the receiver of the Duluth & Winnipeg road in the foreclosure suit brought by the Guarantee Trust and Safe Deposit company against the Duluth & Winnipeg railroad et al will get a pretty fair sum for three days' work. This morning a petition for fees and Judge Lochren's order granting them were filed in the office of the clerk of United States court.

The petition, which is filed by Munn, Toyesson & Thygeson, sets forth that on Oct. 11, 1894, they began a suit against the road on behalf of the bondholders, and that subsequently they brought a bill of foreclosure against the road. W. F. Pritch delisted receiver of the road after they acted as attorneys for the receiver, conducting all litigation on his behalf, from the first suit down to the suit brought by Poley Brothers, in which the state of Minnesota became involved.

All these litigations, of which a long list is detailed, were attended to and argued by the petitioners, and in the work they had to make many trips to New York, Philadelphia, Boston, Montreal and Marquette, all of which cost a great deal of money. Shanman & Sterling, of New York, and Richard P. White, of Philadelphia, also performed a number of things in assistance to the petitioners, as did also A. B. Eldredge, of Marquette.

The petitioners asked \$25,000 for themselves, \$7000 for New York and Philadelphia lawyers, and \$1500 for Mr. Eldredge, of Marquette, all of which requests were allowed by the order, which also directed the receiver to pay them out of the moneys he now has on hand. This matter is to be divided among the attorneys who have assisted in adjusting the affairs of the Duluth & Winnipeg road.

WANTS HER MONEY.

Sarah Keenan Has Sued the Security Bank.

Sarah Keenan has brought a suit against Angus R. Macfarlane, as receiver of the Security bank, to recover \$310. The complaint alleges that the money was deposited after banking hours on the day before the doors of the bank were closed. The acceptance of the money by the bank officials at that time is alleged to be illegal and the plaintiff was the full deposit returned. Suit has been filed in the district court by Ida S. Sheldon to recover from George H. and Charles J. Crosby \$248 on two promissory notes.

William J. and Ruth May Catehar have filed a petition for the adoption of a female child born at the Mackay hospital on Aug. 7. The mother of the child, Essie Sheldon, files her consent to the adoption.

MONEY TALKS.

An Excellent Reply to a Cowardly Rumor.

Remittance was made today to meet the \$178,000 of temporary loan notes falling due Sept. 1. These are the last of these notes, the whole issue amounting to \$250,000. The \$25,000 of the issue which fell due and was paid Aug. 16, have been received from New York, and cancelled by Treasurer Voss.

It is stated on good authority that a report to the city council that would default on these bonds has been industriously circulated in New York by certain persons interested in defeating the effort to float the water bond issue. City Treasurer Voss remarked today, "The report is a very bad one, and the remittance of today is a response that admits of no argument to the attacks on the city's credit."

How it Happened.

In justice to Mayor Truesden it should be stated in regard to the Mayor's matter, that it was understood, before the mayor was asked in regard to the matter, that a project for a sporting exhibition was on foot. When, therefore, a reporter for The Herald walked into the mayor's office and heard Mr. Hayes laying the matter before the mayor, it naturally followed that, as an item of news, it was desired to learn whether the mayor intended to grant permission for the affair to take place. The mayor stated, as a matter of public business and interest, what his course would be in the matter.

Failed to Appear.

J. D. Rusk, whose hearing on the charge of defrauding Louis Hammel of \$270 was set for today, failed to appear and the hearing was continued to Thursday next. It is alleged that Rusk obtained the sum named from Hammel on a mortgage on certain personal property, which, it is reported, had previously been mortgaged to another party, who sold part of it under his prior mortgage.

Dismissed the Contest.

The local land office has received the decision of the secretary of the interior in the case of Joseph Newview against William E. Priddy. The secretary has affirmed the decision of the commissioner of the general land office and dismissed the contest of Newview. He approves the final proof of Rock and the entry passes to patent.

FREIMUTH'S FREIMUTH'S

Saturday Specials.....

Every Saturday we try to improve upon the offerings of the preceding week. It's very doubtful if we can ever improve upon the values that are offered for Tomorrow's Big Trade. We think they are the best ever known in Duluth. They cannot be surpassed here; they cannot be matched elsewhere. Qualities are the very best; prices are like gold dollars at fifty cents.

BIGGER INDUCEMENTS THAN EVER.

FREIMUTH'S FREIMUTH'S

AFTER TWELVE YEARS.
Mrs. Thomson Finds Her Father at Last.

The Mrs. W. D. Thomson, of Duluth, referred to in the Associated Press dispatch from Butte, Mont., as having found trace of her father in the county poor farm near that city, resides at 101 First avenue east. To a reporter for The Herald, who called this morning, both Mrs. Thomson and her husband, fondly expressed their gratitude to the Providence that had placed in their power to be of service to the old gentleman in his extremity. Mrs. Thomson said that it had been twelve years since she had heard from her father. He had been at one time in the city business misfortune had come to him and pride had undoubtedly prevented him to refrain from communicating with his family and disclosing his condition. Steps will be at once taken to arrange for bringing Mr. Murray home, where he will be given a home by his son-in-law.

Waiting For a Witness.
William E. Priddy appeared in the municipal court this morning charged with having pointed a revolver at John Duncker during a dispute on Saturday last. Priddy pleaded not guilty. He desired to secure a witness who is absent on a boat and his trial was set for Friday next. Bail was fixed at \$10, which was furnished.

The Coming Recital.
The Schmid-Edelsberger recital at Turner hall Monday night is attracting much interest among the local music lovers, who will have the opportunity of once more hearing these artists and the Schubert trio, whose work will be long remembered in this city. Seats are now on sale and they are moving rapidly.

SADDLE ROCK KITCHEN.
Announces Popular Prices on Its Bill of Fare.

The Saddle Rock kitchen, under the management of the veteran restaurateur, Col. A. R. Yelton, has made a move toward lower prices and will prove a popular one. The service will be maintained at its old standard of excellence, and the bill of fare, while reduced in price, will still consist of the choicest poultry and eggs from the Yelton farm, meats from the Toben market, and all reasonable vegetables and delicacies, with the best coffee on earth. The large commodious quarters on Michigan street, opposite the Union depot, have every facility and accommodation for entertaining large numbers, and this move toward furnishing popular meals at popular prices will doubtless be shown by liberal patronage.

At the Pavilion.
"The Arabian Nights," a comical production by Sydney Grundy, was produced successfully at the Pavilion last night and the Falsart company again proved its competency. Special credit is due Miss Edith Russell, Hirsch's Maxwell. The Normanna Mandstork will sing at the Pavilion Saturday afternoon and evening. There will also be some professional singers whose names will be announced later.

W. T. Thompson, editor of The Herald, J. F. Durham, editor of the News Tribune and Dr. S. H. Boyer will judge the Schubert trio, whose work will be long remembered in this city. Seats are

OPEN ALL NIGHT.

THE WEATHER.

United States Agricultural Department. Weather Bureau. Duluth, Wis., August 29, 1906.

Duluth temperature at 2 a. m. today, 62; maximum yesterday, 72; minimum yesterday, 52.

Local forecast for Duluth and vicinity: Partly clear and sunny; cool by Sunday afternoon; fresh to brisk westerly winds.

Chicago, Aug. 29.—Forecast until 8 p. m. tomorrow: For Wisconsin: Generally fair tonight and Sunday; warmer in extreme south portion tonight.

HOW THE BATTLE GOES. Already the goldbugs are beginning to admit that they will be badly beaten in November.

The Washington correspondent of the Herald telegraphed yesterday that Secretary Morton of the agricultural department, who has been in Nebraska for three months past, has been compelled to change his mind.

On the top of this admission comes the following from an Eastern gold paper: "It looks to me," says E. Elbery Anderson, of New York, a government director of the Union Pacific, who has been on a trip to the Northwest.

And Rev. Sam Small, the well-known temperance lecturer, says: "I have just returned from a trip through Nebraska, Kansas and Illinois, and the man who thinks that the silver war is decreasing is very much mistaken. I think that the sentiment is being intensified every day.

The Herald is informed very reliably that Senator Knapp Nelson admitted to a friend the other day that John Lind is certain to be the next governor of Minnesota, and that he did not see how it was possible to prevent the United States forces carrying the state for Bryan.

Judge Ives, of Crookston, who was in Minneapolis a few days ago, said: "Mr. Lommen will beat Mr. Eddy for congress with perfect ease. We have nearly or quite 7000 votes in Polk county, and I candidly do not believe that Mr. Eddy will receive 1000 out of the 7000. Our people are thoroughly convinced that they vote the Republican ticket to vote for the gold standard and in the interest of the moneyed classes of this country and Great Britain. If the rest of the state is as firmly fixed in its convictions as

the Seventh congressional district, there will be no limit put to the majority which Bryan and Lind will receive in November."

IT WAS A FIZZLE. The Republican league convention at Milwaukee this week was a complete fizzle. There were comparatively few delegates present and very little enthusiasm was manifested.

But it must be admitted that the convention is a serious disappointment. In point of attendance it narrowly escapes being a fizzle. The large number from Illinois, attracted by the prospect that an energetic and popular Illinois man will be elected to the presidency of the organization for the ensuing term, is the only redeeming circumstance so far as attendance from outside the state is concerned.

The real cause of the lack of interest that was taken in the convention is the dead weight that hangs upon the party in the shape of the St. Louis gold plank. With Republicans everywhere going over to the silver side and the whole West almost certain to throw its entire vote in the electoral college in favor of Bryan, how could it be expected that there would be much interest in the league convention?

THE POLICY OF GREED.

This is the way that John Bull in the London Times defines the "honest dollar" which the goldbugs are supporting: "It seems impossible to get bimetallicists to understand that there is quite a large number of us for whom a general rise in prices has no charms whatever.

Let us not the goldbug organs or campaign committees say that the above is a forgery. It is from the London Times, and it clearly expresses the sentiments of the gold standard men of London. Mr. Gladstone expressed a similar sentiment not long ago.

OUR MONEY ABROAD. When The Herald recently stated that the refusal of Canadian merchants and banks to accept American silver, except at a discount, is not a new thing, and that our silver money does not circulate in foreign countries because it is not a legal tender there, E. P. Alexander rushed into print with a letter saying that The Herald's statement was incorrect.

In order to show still further that The Herald was right, and Mr. Alexander was wrong, the following is reproduced from that staunch goldbug organ, the St. Paul Pioneer Press: "Neither our silver coin nor our currency circulates in any foreign country with the partial exception of our neighbors, Canada and Mexico. They are not accepted or used in foreign countries as a circulating medium, because their people generally know nothing about their value.

THE PIONEER PRESS might also have truthfully added that our money, either gold or silver or paper, only circulates in some parts of Canada at par, a discount being always made in other parts of that country. If our money were legal tender in other countries it would circulate there, but being legal tender only in the United States it circulates nowhere else.

A BUNDLE OF FALSEHOODS.

From the aristocratic seaside resort of Newport, Hon. E. J. Phelps, former minister of the United States to Great Britain, issues a bitter advocacy of the election of McKinley. One paragraph of his bombastic, untruthful document is sufficient to show how much better off Bryan is without the support of such asseverate humbugs.

"Aside from the financial detentions of the Chicago platform its other features are almost equally objectionable. It proposes to repudiate a great part of the national debt; to destroy the protection we enjoy under the supreme court of the United States; to restrain the arm of the national executive from the repression of lawless violence and even from the preservation of the very agencies of the government itself; to violate the obligation and sanctity of existing contracts, and to restrict the freedom of private contracts in the future."

Highest of all in Leavening Power.—Latest U. S. Gov't Report. J. W. Baking Powder. ABSOLUTELY PURE.

attention he will compel the Delano Eagle to eat its words and apologize for the malicious libel.

This Morris organ must be despised indeed, when they employ such tactics to injure Mr. Towne in the eyes of the people of all states districts and counties.

THE MICHIGAN CONTEST.

Charles R. Sligh, the nominee of the Michigan silver forces for governor, is a well-known manufacturer of Grand Rapids and a man of great ability.

BEATEN ON THE ISSUE.

When Mr. Hanna was in Boston the other day, he made some statements in which he virtually admitted that the gold standard men are beaten on the money question. Here is what Mr. Hanna said:

"The currency issue came upon us like a flash of lightning out of a clear sky. It was not foreseen that that was to be the leading issue of the campaign. On this question we must have a campaign of education. It is the first time in the history of this country that a campaign has been fought on this issue, but Mr. Bryan need not delude himself into believing that he can make a campaign on the money question alone.

Referring to the Tariff backdoor on the silver salary story, the Minneapolis Tribune says: "The assertion of the Chicago Chronicle was given no added force just because a Republican speaker called attention to it on the stump, and the inference is that Bryan would have allowed it to go unnoticed until the campaign ended if Thurston and Stewart would not have made an answer imperative."

In the Superior column of the News Tribune today, the political situation in Douglas county, Wis., was sized up as follows: "The county has always been solidly Republican, but the silver disease has spread like wildfire among the farming classes and the Republicans realize that unless the spread is checked before long the county will be past redemption."

Some Republican papers are publishing an article by Eli Perkins in favor of McKinley and the gold standard, and telling how precious it would make the country. Eli gained what little reputation he has by retelling stories of the Bacon Munchausen order.

ANOTHER GROSS LIBEL.

A few days ago the News Tribune published a statement that Mr. Towne had "his pockets bulging out with certified stocks of the silver mine owned which own and operate him."

Now comes another goldbug organ with a similar libellous article. The Delano Wright county, Eagle, which is supporting the goldbug ticket from McKinley down to Page Morris, says in its last issue: "It is broadly hinted that C. A. Towne changed his views on the silver question for profit. We don't believe any such statement, but there may be fish where there is smoke. Mr. Towne, early in his Washington career, paid \$5000 cash in advance for two years' rent of his home there. He was supposed to be poor. Where did he get the money? Let him tell."

This statement is false from beginning to end. It is a disgraceful attack upon Mr. Towne's motives, and there is no doubt that when it is drawn to the St. Paul papers say that State Auditor Ben Dunn, who has embraced the gold standard, "comes honestly" to this conclusion, "Why do they use the word 'honestly'? Do they imagine that any one would think otherwise?"

kept standing in all goldbug newspapers in the East. It appears to be one of the conditions "nominally in the bond" of the mortgage bankers.

After having assured us for a month past every day that Bryan was steadily losing ground, the goldbug press now quote Hanna as saying that it is going to be awful hard work to elect McKinley.

A LANE ATTEMPT.

Referring to the Tariff backdoor on the silver salary story, the Minneapolis Tribune says: "The assertion of the Chicago Chronicle was given no added force just because a Republican speaker called attention to it on the stump, and the inference is that Bryan would have allowed it to go unnoticed until the campaign ended if Thurston and Stewart would not have made an answer imperative."

This is a very lame attempt to justify the reprehensible conduct of Mr. Thurston in circulating a libellous story, concerning the truth of which he knew nothing, as he subsequently was compelled to admit. The "inference" referred to by the Tribune is equally worthy of disrepute, because the Tribune should know and probably does know that Mr. Bryan denied the story before he became the presidential nominee of the Chicago convention.

In the Superior column of the News Tribune today, the political situation in Douglas county, Wis., was sized up as follows: "The county has always been solidly Republican, but the silver disease has spread like wildfire among the farming classes and the Republicans realize that unless the spread is checked before long the county will be past redemption."

KEEP IT UP! —Rocky Mountain News.

JOB FOR MARK HANNA.

Should Sit Down on the Calamity Howlers.

Chicago Journal (goldbug): As many fool things have been spoken and written in this campaign as in any political contest since the fall of Adam. But it has remained for Harper's Weekly to attain the southern altitude of brilliant folly.

The Virginia states that Jimmy Goss says Page Morris is the proper man to represent this district in congress. This should settle the matter.

The Hannake convention at Indianapolis ought to nominate Bragg and Buckner and adopt the motto: "Brag and Bluster."

JOHN LIND'S RECORD.

His Work in Congress in Behalf of Labor. Wisconsin Herald: John Lind's persistent and successful work when in congress for the car coupon bill made him solid with all the great labor organizations.

IRON MINERS FOR BRYAN.

Michigan Herald: A short time ago the resident director of the state normal school, who had given an order for the demolition of a few barrels of cement for use at the school, went to the merchant and countermanded the order, upon learning that the dealer was for free coinage and had coupled the order with a demand for \$1000 to support a paper which called for an "anarchist" Governor Lind and had the incident ground ground for a change in resident director.

EVERY YEAR.

"You're growing old," they tell us, "You're more alone," they tell us, "You can win no new affection, You have no recollection, Deeper sorrow and deeper pain, Every year."

A CHILD ASLEEP.

How he sleeps! Having drunken Fleury's childhood's mantras, From his pretty eyes have sunken Pleasures, to make room for more— Sleeping near the withered nosegay, which he pulled the day before.

MR. FRYBERGER'S CANDIDACY.

Mr. Fryberger's Candidacy. The average reader is amused at the attitude of the subsidized Republican press toward the Democratic party in the past. The present departure toward the "gold bug" is a departure from the old form Democracy is suspicious. It is all the incident voter needs to guide himself.

OTHERS CAN, WE CAN'T.

Mr. McKinley's Letter of Acceptance is Dissected.

To the Editor of The Herald: Poster every industry, develop all our latent resources except the riches of our lakes stored in our mountains, says Mr. McKinley in substance in his letter of acceptance. We have the most valuable silver mines in the world, yet we must do nothing to enhance the value of silver. It would benefit those who could obtain silver bullion and enhance the value of the products of labor generally. That must be done, and the development of the silver mines says that if the most reliable statistics are to be believed "both metals, gold and silver, are reduced in value as a result of the silver war."

The history of the world shows that nations in the race for riches have always striven to advance the value of their money metal which they produced in greatest abundance. Says the Encyclopedia Britannica, Vol. 22, page 12: "In Spain the gold and silver were produced in the greatest quantities of gold from that country. The value of gold in the world was raised by the local value of gold in Spain. It is estimated that a century later the spoils of the Orient were exhausted. Spain's production of the metal, and as her colonies were being chiefly silver she raised its value in the world."

Spain of just as reliable history might be quoted to advance the value of the gold metal which they produced in greatest abundance. Says the Encyclopedia Britannica, Vol. 22, page 12: "In Spain the gold and silver were produced in the greatest quantities of gold from that country. The value of gold in the world was raised by the local value of gold in Spain. It is estimated that a century later the spoils of the Orient were exhausted. Spain's production of the metal, and as her colonies were being chiefly silver she raised its value in the world."

England and other European nations possess many gold mines, but no silver mines. The valuable silver mines of the world are in the hands of the United States. The British, in order to obtain silver, have been obliged to lower their price standard work, and the United States has advanced its price standard work. The United States has advanced its price standard work, and the British have been obliged to lower their price standard work.

Europe, by the demoralization of silver, has reduced it to the level of a commodity. The United States, according to Mr. McKinley, can do nothing to change the commercial ratio by which the United States possesses an advantage over the rest of the world. It cannot be obtained by opening our mines to an unlimited output of silver. At a ratio of sixteen ounces of silver to one of gold, when the commercial ratio is more than thirty ounces of silver to one of gold, Mexico has free coinage of silver and the United States has free coinage of gold. Europe, by the demoralization of silver, has reduced it to the level of a commodity.

Another example: Prior to demoralization of silver there had been less by one of stock gamblers and gained by another. Mexico can't create a demand for the surplus silver bullion of the world, hence, they say, the United States can't and thus advance the value of its money metal. The United States can't and thus advance the value of its money metal. The United States can't and thus advance the value of its money metal.

Mr. McKinley himself once patriotically voted for the independent free coinage of silver, but he is not voting the majority under the power of Wall Street. His letter of acceptance is an advertisement for the United States. It is more popular than the other great national advertisement, and it is more popular than the other great national advertisement.

Mr. McKinley's letter of acceptance is an advertisement for the United States. It is more popular than the other great national advertisement, and it is more popular than the other great national advertisement.

Mr. McKinley's letter of acceptance is an advertisement for the United States. It is more popular than the other great national advertisement, and it is more popular than the other great national advertisement.

Mr. McKinley's letter of acceptance is an advertisement for the United States. It is more popular than the other great national advertisement, and it is more popular than the other great national advertisement.

Mr. McKinley's letter of acceptance is an advertisement for the United States. It is more popular than the other great national advertisement, and it is more popular than the other great national advertisement.

WARSHIPS

The United States Watching the Present Crisis in Constantinople.

Several Battleships Are Within Easy Distance of That Port.

Probability That Another Vessel May Be Specially Detailed There.

Washington, Aug. 28.—The crisis in Turkish affairs is being followed closely by officials here. Minister Terrell, at Constantinople, has not transmitted further advice than those of Thursday. Officials at the state department say that American interests are protected by the presence of the cruisers San Francisco and Marblehead in the Mediterranean waters. The San Francisco is at Alexandria and the Marblehead at Genoa. The Minneapolis also belongs to this fleet and can be brought from Queenstown on short notice.

The status of the United States at Constantinople has been the subject of much discussion in the United States. The American legation at Constantinople and other first-class powers are represented by dispatch boats. For some months the state department has been seeking to have the United States similarly represented, and in this connection application has been made to the British government to have the United States similarly represented, and in this connection application has been made to the British government to have the United States similarly represented.

TIDAL WAVES.

Tremendous Speed at Which They Travel.

How an Advertisement Got a Big Grist of Swell Chappies.

How an Advertisement Got a Big Grist of Swell Chappies.

The recent tidal disturbances observed at Vancouver Island and at New River, in Mendocino county, indicate unerringly, according to the gentleman locally connected with the coast and geologic survey, that one or more earthquakes have taken place since the awful wave, that caused the loss of 3000 more lives in Yesso, June 28, says the San Francisco Call. The exact date of the tidal disturbance at Vancouver Island is not known, so that there may be a question whether the manifestation there and at New River and the same natural convulsion. The register of the tidal gauge at Sausalito, which is connected to the tidal gauge at Sausalito, told of the Yesso calamity before many of the facts had been received by cable. The register of the tidal gauge at Sausalito, which is connected to the tidal gauge at Sausalito, told of the Yesso calamity before many of the facts had been received by cable.

COXED

A Clever Scheme to Boost a Benefit Night Play.

All the Stalls Filled With Fashionably Dressed New Yorkers.

How an Advertisement Got a Big Grist of Swell Chappies.

That eminent aristocrat, but hard on young gentlemen, Charles Danabach, was dawdling over his breakfast this morning in his rooms in a fashionable street, and glancing idly from time to time, more from habit than because he was really imbibing an information, at the columns of the daily paper, says the New York Mercury.

Suddenly an advertisement broke into his lips, and his hitherto casual glance at the closely-printed columns changed into a steady gaze.

It was an advertisement that had attracted his attention, and it read as follows: "Gentlemen desiring to find suitors, had better get their matrimonial advertisements in the Herald before the end of the month. The Herald is the only newspaper in New York that publishes matrimonial advertisements. The Herald is the only newspaper in New York that publishes matrimonial advertisements. The Herald is the only newspaper in New York that publishes matrimonial advertisements."

HOLIDAY

Labor's Own Holiday Will Be Generously Celebrated This Year.

Preparation are For a Day That Will Make a Precedent.

THE FIGHTING MAST.

The arrangements for the observance of Labor day this year are on a larger scale than ever before, and the indications are that the turnout will be large and that a new precedent will be established for the future.

The committee appointed for the purpose has completed the program, and how nothing remains but that the address of the day will be delivered by Hon. C. A. Towne. The subject will be "Labor's Own Holiday." The parade will be held at 10 o'clock in the forenoon, from the city hall to the city hall.

The parade will be held at 10 o'clock in the forenoon, from the city hall to the city hall. The parade will be held at 10 o'clock in the forenoon, from the city hall to the city hall.

PIKE'S PEAK WRECK. Bad Smash-Up on the Cog Wheel Road.

Colorado Springs, Col., Aug. 31.—The first accident on the Pike's Peak cog-wheel railroad since it was opened five years ago occurred yesterday, and but for the safety brakes used on all the cars of this line a train load of passengers would have been hurled down the mountain to destruction. Coming down the mountain, the side bars on the driving wheels on both sides of the engine broke apart, causing the compressed air brakes on the engine to fail.

THEY WERE LOVERS. Foolish Young Things Who Courted King Death.

Leavenworth, Kas., Aug. 31.—The mystery of the National hotel tragedy was cleared away yesterday when relatives came here to care for the young girl in her dying moments, and to take away the dead body of the man with whom she sought to die. The girl is still alive but has regained consciousness and cannot live.

A BALLOONIST'S FATE. Ivy Baldwin Probably Fatally Hurt at Denver.

Denver, Aug. 31.—Ivy Baldwin, the well-known balloonist, was seriously, if not fatally hurt by falling from his balloon yesterday afternoon. Baldwin was making weekly ascensions and parades in the city, and on the morning of the 30th he ascended to a height of 10,000 feet. He fell about eighty feet. His right arm was broken in two places, his head was broken in two places, and he was badly bruised about the head. It is believed that he will not recover.

GONE TO JOIN HIM. Loving Widow Dies on Her Husband's Grave.

Chicago, Aug. 31.—While weeping over the grave of her husband in St. Boniface cemetery Sunday afternoon Mrs. Frances Alchouer, an aged woman, whose home was at 512 Bishop street, fell dead across the mound. Heart disease, aggravated by the great grief, was the cause of death. The little tragedy, which moved deeply the scores of people who saw his climax, happened early in the afternoon. Mrs. Alchouer was over 70 years of age. Since the death of her husband, some time ago, she had made her home near the grave. She died in the cemetery in a room which she had built on her home, near the grave. She died in the cemetery in a room which she had built on her home, near the grave.

LIQUOR DEALERS ORGANIZE. Cleveland, Ohio, Aug. 31.—Leading wholesale liquor dealers and distillers from all parts of the country are in session here today for the ostensible purpose of forming a national organization.

MINES WILL CLOSE DOWN. Leadville, Colo., Aug. 31.—The pumps in the Bond and Penrose mines, two of the largest properties in this district, were stopped today and the mines are rapidly filling with water.

QUEER EFFECTS OF THUNDER. A lobster greatly dreads thunder, and when the peals are very loud and heavy it "drops" its claws and makes for deep water in great fright.

MINNEAPOLIS EXTENDS A ROYAL WELCOME TO KNIGHTS OF PYTHIAS.

Minneapolis, Aug. 31.—The advance guard of the Knights of Pythias, uniform rank, who hold their great demonstration and encampment in Minneapolis this week, appeared early this morning in half a dozen divisions of Minnesota regiments. None of the delegations from the outside states will reach the city before late this afternoon, and the majority of them will arrive tomorrow morning.

CROWDS COMMENCED POURING IN ON EARLY TRAINS THIS MORNING.

Minneapolis, Aug. 31.—The advance guard of the Knights of Pythias, uniform rank, who hold their great demonstration and encampment in Minneapolis this week, appeared early this morning in half a dozen divisions of Minnesota regiments.

UNIFORM RANK WILL HAVE A SPLENDID PROGRAM TO ENJOY.

Minneapolis, Aug. 31.—The advance guard of the Knights of Pythias, uniform rank, who hold their great demonstration and encampment in Minneapolis this week, appeared early this morning in half a dozen divisions of Minnesota regiments.

INCOME TAX. Question Which May Rattle the Goldbugs.

Indianapolis, Ind., Aug. 31.—There may be a contest in the committee on resolutions of the gold Democratic convention tomorrow over the question of endorsing the principle of an income tax.

LI HUNG CHANG. Makes an Early Start For West Point.

New York, Aug. 31.—Early this morning Li Hung Chang, boarded the dispatch boat Dolphin and in a few minutes anchor was weighed and the start for West Point was made.

DETROIT TRAGEDY. Frenchman's Double Crime of Blood Today.

Detroit, Aug. 31.—Frank Beaubien, aged 40, shot and mortally wounded his wife this morning, attempted to kill his two children, and then blew his own brains out.

CHICAGO SUICIDE. A Chicago man, was found dead behind the locked door of his bedroom at his residence on Prairie avenue at a late hour Saturday night.

WASTED MILL'S RESUME. Cleveland, Aug. 31.—The Turner Worsted company's mills of this city, which have been closed for some time past, and which usually employ between 400 and 600 hands, resumed operations today.

THE WAGES OF SIN. Leavenworth, Kas., Aug. 31.—Mrs. Mary Bush, of Pomeroy, Kas., who was shot through the head here Saturday by John Herzig, her paramour, who threw out his own brains, died today without having regained consciousness.

NO FOOLISHNESS THERE. Washington Post: "They have a very neat method of dealing with revolutionaries down on the isthmus," said Col. Dick Wintersmith, of Colon and Kentucky, in talking with friends at Chamberlain's.

SOME BUSINESS REVERSERS. Leavenworth, Kas., Aug. 31.—Miller Bros., one of the best-known carriage firms of this place, as well as one having a wide reputation elsewhere, have made an assignment. No statement of assets and liabilities have as yet been given.

WOOLEN MILLS CLOSE. St. Joseph, Mo., Aug. 31.—The Buell woolen-mills, one of the largest manufacturing establishments of its kind in the West, will close down next Saturday for an indefinite time.

MISSOURI POLITICS. Electoral Fusion There is Hanging Fire.

St. Louis, Aug. 31.—The Evening Journal, the leading labor and Populist daily in the Southwest, says this morning: "The proposition of a division of electors between the Populists and Democrats of Missouri has been hanging fire because of a failure on the part of Chairman Howell and Cook to agree upon the terms of a fusion on state candidates."

BRYAN'S CHANCES. I. N. Stevens Says He Will Be Successful.

Denver, Aug. 31.—I. N. Stevens, vice chairman of the silver party campaign committee, will return to Chicago in a few days and remain there in charge of the silver party headquarters until the end of the campaign.

TROOPS FOR CUBA. Scheme to Send 1000 Negro Soldiers There.

Chicago, Aug. 31.—A special to the Times-Herald from Munich, Ind., says: The meeting held at Salem for the purpose of raising funds to assist Trumca in defraying the expenses of landing 1000 colored troops in Cuba to assist the insurgents, was attended by 1000 people.

Chicago, Aug. 31. - Forecast: until 8 p. m. tomorrow. For Wisconsin: Fair tonight and Tuesday; warmer Wednesday; Thursday, possibly light frost in central and north portions; Friday, warmer; Saturday, variable; Sunday, fair.

THE GRIP OF GOLD. The News Tribune says that The Herald on Friday "stated that there has been no denial of the authenticity of the article entitled 'The Grip of Gold'..."

There is a plain moral in the remark that if the United States would venture to cut herself adrift from Europe and take outright to silver she would have all America and Asia at her back and the command of the markets of both countries.

Today Senator Davis is advocating the maintenance of the single gold standard. He voted to repeal the law which he praised so highly in his Crookston speech, and he is now opposing the restoration of bimetallicism, which would give silver the purchasing power of gold.

A POLITICAL PREACHER. Rev. C. H. Patton, pastor of the First Congregational church of Duluth, has turned politician, and last week was on the stump at Wadena, Park Rapids and other points in the Sixth district, advocating the maintenance of the existing gold standard which has brought the whole country to the verge of bankruptcy.

It appeared in the Post. It raised such a controversy that I endeavored to trace it back to the London Financial News, and I believe I succeeded. I consulted with Mr. Tammon, one of the owners of the Post, and he recalled the fact that he had seen a copy of the London Financial News containing the article in possession of Mr. Horb George, editor of the New Road, published in Denver.

Steps have been taken to obtain a copy of the Financial News of the date mentioned and the result, whatever it may be, will be truthfully set forth in The Herald. Meanwhile the attention of the News Tribune is directed to the other article of a similar nature from the Financial News, which is given above, and also to an editorial contained in the London Standard of Feb. 1, 1895, the publication of which has not been denied even by the most unscrupulous goldbug organs.

In the Statist's judgment, England, by using its capital in manufacturing industries, is growing in wealth at the expense of the producing countries. The policy that is enriching England, a creditor country. Much the largest part of the commerce of England is with silver-using countries, and this has always been a prolific source of her wealth.

Senator Davis on Record. Following is an extract of a speech delivered by Senator Cushman K. Davis at Crookston, Minn., on Oct. 13, 1890, every word of which The Herald endorses. Senator Davis said: "Now, fellow citizens, to business matters. The last congress probably passed more important legislation than any congress since the year 1792, except the congress during which we began the war."

Referring to the Republican goldbug parades in the range towns, the Two Harbors News says: "A man may be forced to vote contrary to his principles, but he cannot be compelled to hurry with full lung power." The Iron News is mistaken. A man may be compelled to hurry by a fear of losing his job, but he cannot be forced to vote contrary to his principles, except, as the Iron News says, no doubt thinking, by "the little red ticket" system.

A tired and disgusted public would greatly appreciate a change of scale and sily expressions on the part of the goldbugs. "Honest money," "sound money," "gold money." Just as if anybody in the world wanted unsound or bad money! Why don't they say what they mean, "British gold," "200-cent dollars," "bankers' money." As Bryan says: "Why haven't they courage to say 'gold'?"

Among the prominent Republicans of Michigan who have recently come out for Bryan and Sewall and free silver, Eugene C. Luce, ex-Governor of Michigan, is the only one who has not done so. The gold bug is dying out.

The managers of the silver campaign in Michigan are not so sure of their own strength as they were. It is now listed with the states that are certain to declare for free coinage of silver.

Highest of all in Leaving Power.—Latest U. S. Gov't Report. A BIG MEETING. St. Cloud Times: Sheriff F. P. Brown is holding a large meeting at the city hall today on his way home from Monticello. The meeting was held at 7 o'clock and was attended by a large number of people. Mr. Brown said that it was the largest and best meeting ever held in Monticello and that many people were being won over to the silver side.

question got to do with the cause of Christ? Shall the poor have no churches if free silver carries? Perhaps some of the hardworking priesthood near the time when they will receive their salaries, earned by the sweat of their brow in visiting the ladies of their parish and playing croquet, in depreciated silver dollars.

DR. ARENDT'S VIEWS. The following appeared in the News Tribune: "A few days ago The Evening Herald printed a long letter purporting to have been written by Dr. Otto Arendt, a member of the Prussian house of deputies, a well-known authority on the subject of finance. The letter printed now turns out to have been a base forgery."

The original letter in Dr. Arendt's handwriting and bearing his well-known signature is in the possession of the News Tribune. Dr. Arendt's position has not been misrepresented by The Herald. It leaves the policy of misrepresentation and falsifying to the exclusive enjoyment of the News Tribune. Dr. Arendt openly and unreservedly advocates the election of Mr. Bryan, because his election, he believes, would prepare the way for an international agreement on bimetallicism.

The views expressed by Dr. Arendt in condemnation of the sale of the Republican party to the gold power and in advocacy of Mr. Bryan's election are giving the goldbugs much uneasiness. Dr. Arendt's position knocks out completely their contention that the adoption of free silver coinage by this country would prevent or retard an international agreement. Dr. Arendt says it would not only hasten but compel such an agreement.

James H. Agen was quoted the other day by the Superior Leader as follows: "They would hang a man in Western New York if they suspected that he was a free silverite. The sentiment for sound money and protection is nearly universal now after this tremendous success Mr. Bryan has had in Western New York. A friend of The Herald, who recently traveled through the counties of Monroe, Livingston, Allegheny and Erie, in Western New York, writes that the farmers, workmen and small business men there are almost solid for free coinage. He met hundreds of Republicans who are shouting for Bryan."

THE PEOPLE WILL WIN. Jameson N. A. Atty: All the opposition forces to the Clough administration in Minnesota have united in the condemnation of the Clough administration. The people of Minnesota are getting tired of the Clough administration and of winning a victory this fall. The old line and railroad ring of the state is beginning to feel shaky.

WHO PULLED IT? The Honorable Charles Crookston, at Madison Square garden, roasted the farmers, a band reached out from the iron range, officers carpenter who fastened upon the necker part of the iron range, and the Clough administration. The Clough administration is a disgrace to the state and the Clough administration is a disgrace to the state.

FOR A SINGLE STANDARD. Chicago Daily Tribune: The oil man, is also in favor of a single Standard.

TOOK TO THE WOODS. Long Beach News: The Republican goldbug nominee for congress in this district, has taken to the woods. He has hunked out his agreement to meet Towne in a joint debate on the financial question.

THE POSITION OF THE REPUBLICAN candidate is in a way pathetic. Circumstances and the party leaders at St. Louis have crowded him into an awkward position.

By actual count there were eighty-two people in the goldbug parade at Two Harbors Saturday night, whereas the News Tribune said there were 300 in line.

THURSTON KNOCKED OUT. How He Tried to Reduce Railroaders' Wages. Denver News: Hon. C. Thomas tells how Mr. Thurston attempted to bring the matter up in St. Louis before Judge Caldwell without success.

Mr. Thurston's hit about the goldbug "yellow fever" will not make him enemies. The American people appreciate a good thing when they hear it.

THE PEOPLE WILL WIN. Jameson N. A. Atty: All the opposition forces to the Clough administration in Minnesota have united in the condemnation of the Clough administration.

WHO PULLED IT? The Honorable Charles Crookston, at Madison Square garden, roasted the farmers, a band reached out from the iron range, officers carpenter who fastened upon the necker part of the iron range, and the Clough administration.

A BIG MEETING. St. Cloud Times: Sheriff F. P. Brown is holding a large meeting at the city hall today on his way home from Monticello. The meeting was held at 7 o'clock and was attended by a large number of people.

TIME FOR A CHANGE. Hard Times Date Back For Several Years. Cincinnati Enquirer: The gold standard and its effects have been warning us against free silver coinage, because they tell us it will be sure to bring on hard times. They want to maintain the existing financial policy of Cleveland, but they do not want to see the country go to the wall.

But our main thought in quoting the above words is to call attention to the fact that the Tribune and all the rest of the gold bug organs have been insisting that there was no dog and no lion. Certainly the hard times of the last "several years" have been caused by the silver use, and the country is now suffering from the effects of the gold bug policy.

THE PEOPLE WILL WIN. Jameson N. A. Atty: All the opposition forces to the Clough administration in Minnesota have united in the condemnation of the Clough administration.

WHO PULLED IT? The Honorable Charles Crookston, at Madison Square garden, roasted the farmers, a band reached out from the iron range, officers carpenter who fastened upon the necker part of the iron range, and the Clough administration.

Aldermen Think City Attorney Benham is Brewing it For Himself.

They Do Not Understand the Meaning of His Conduct.

His Ears May Tingle While the Council is in Session.

There is a storm brewing in the council, and City Attorney Benham is likely to get caught up in it.

Mr. Benham, by the way, will not return from New York before Wednesday or Thursday, according to a telegram from him received at a late hour Saturday afternoon.

THAT SUPERIOR BOYCOTT. Great Northern Officials Claim it Was Hasty.

From statements made by the officials of the Great Northern road at Superior it appears that the Superior board of trade acted hastily and inadvisably in endorsing J. H. Hill for sending out a circular ordering all Great Northern cars to be kept on the Great Northern tracks.

Tomorrow the new Wisconsin grain inspection, which was the first phase of the ill feeling between the board of trade and the Great Northern road, will go into effect.

The inspectors who will operate under the new inspection are already employed by the Superior board of trade.

Coal Goes Up.
An Advance of 25 Cents is Announced.

For several days it has been rumored that there would be an advance in the price of coal on Sept. 1, from \$6.50 to \$6.75, but nothing definite could be learned in relation to the matter until today when the announcement was made.

PERSONALS.

Miss Helen Romney, of Buffalo, N. Y., is visiting her sister, Mrs. A. C. Pearson, at 201 West Fifth street.

Mr. and Mrs. C. S. Parsons and son returned last week from the East.

Miss Genevieve Mathews, who has been visiting in Duluth, returned to her home in Minneapolis this afternoon.

COMMITTEE IS SILENT.

Admits, However, That it Did Good Work.

The committee set to Chicago to confer with the insurance commissioners has returned. Its members report having had a most enjoyable time.

Glad to Return.

Charles Frelmuth, manager of the clock department at Frelmuth's, is back again after a six weeks' absence in the Eastern market making purchases for the new pattern, well liked by the men.

Gone into Liquidation.

The Manufacturers' bank at West Duluth closed its doors this morning, as the result of a meeting of the directors, which decided to wind up the business of the concern.

A Charming Recital.

Miss Van Wormer's pupils recital at the Astoria Methodist church in West Duluth Saturday evening was a most pleasant and successful one.

Well Cared For.

N. J. Miller returned today from Chicago where he went to represent the Duluth branch of the National Federation of Labor in the annual convention of the American Federation of Labor.

Gold, Silver and Paper.

All go to for furnishing a building. Trunks delivered, 25c. Great Northern Fuel and Transfer company, office 210 West Superior street, George W. Strayer, agent. Telephone 601.

ARE WELL EQUALIZED.
Taxes Will Be More Just to Duluth.

County Auditor Hadden has completed an estimate of the benefit to the county by reason of the unconstitutionality of the 1 cent per ton tax law on mining property. He estimates that the county is benefited between five and six millions of dollars in valuation and that it will receive taxes about \$190,000 from the iron mines instead of from \$100,000 to \$120,000 as heretofore.

THE DISTRICT COURT.
Motions and Filings in Cases Now Pending.

This morning the findings in the case of Arthur P. Cook against the Security bank of Duluth, signed by Judge Morris, the suit involved title to the west of the lot on 255, 258 and 300, block 111, Duluth proper, the property of the Security bank. Cook claimed a half interest in the property and brought suit to establish his claim and to have the title of the Security bank declared in favor of the plaintiff.

FOR RENT CHEAP.
An 8-room house on West First street, five blocks from Spiving house, has many conveniences, such as water, gas, sewer, and electricity. Call for more particulars, inquire Chamber Herald office, 1055 First street, Duluth.

CITY CONTRACTS LET.

Contracts have been awarded by the board of public works as follows: Grand avenue walk between Fifth and Sixth streets, to Talloch Bros., at \$280,846, laying 4-foot sidewalk on Fifth street, Duluth Heights, to J. W. Peterson, at 2137 cents per lineal foot; laying 4-foot sidewalk on Second avenue west between Pillsburg avenue and Sixth street, to John Boyer, at 20 cents per lineal foot.

To Visit St. Paul.

Mrs. D. S. Ferry left today for St. Paul, where she will spend a day or two attending the G. A. R. encampment. She will be accompanied by Mrs. Mary Brynnes, of Peoria, Ill., who has been visiting her.

Camper Coming In.

The night air is getting too cool to make camping enjoyable, and during the past week very many of those who have spent the summer at a portion of the Black Point, have returned to their homes. By the end of another week the popular camping ground will be almost deserted.

Postponed.

The sale of the Nautilus under the direction of the Auxiliary of St. Paul's church is unavoidably postponed until next week.

Picture Frames at Cost.

Fine moldings, made up, 3 cents per foot. C. Decker, 905 West Michigan street.

"The Moulder Orator" is in Bad Repute With Organized Labor.

For Years His Principal Labor Has Been Stumping For Pay.

Is Now Advocating the Cause of Hanna, Frick and Rockefeller.

A. C. Rankin, who calls himself the "moulder orator," is speaking to laboring men at the West End club barn this evening. Unoubtedly there will be a crowd in attendance, for there are a large number of workmen in Duluth who have heard of Mr. Rankin before and who are anxious to pay their respects to him as a union man.

During his life Mr. Rankin has been associated a good deal with trades unions and labor organizations, but if half that is alleged against him be true, these relations have not always been of a pleasant kind. For one thing, as a union man said today, no good union man would be going about presuming upon his position to make living by attempting to dictate to workmen how they should vote.

But that is merely a general arraignment, and is not a taste of what Duluth union men are saying about Orator Rankin. These accusations amount to charges of treachery to his fellow-workmen and general disrespect as a union man, until his name is mentioned.

Mr. Rankin since in regard to a man of the employees were chosen to form an arbitration committee, a third man chosen by them, Rankin was the choice, and he gave his decision against the union member, and in favor of the employees. Serious allegations were made at the time, and have since been repeated. Mr. Rankin since in regard to a man of the employees were chosen to form an arbitration committee, a third man chosen by them, Rankin was the choice, and he gave his decision against the union member, and in favor of the employees. Serious allegations were made at the time, and have since been repeated.

Frank A. Huss, of Prescott, Pa., who has a traveling card in local union No. 55 of the International Coopers' union, is in Duluth. He claims to have known Mr. Rankin for fifteen years, and he claims that Rankin is a man who has been in the Iron Moulders' union at Pittsburgh, and that it was shortly after that time that he took the stump for the Republican party.

A prominent local union man who knows Rankin well says that at that time he was in ill repute with the unions.

In the habit of referring to the American Federation of Labor as "the owned it," but a fact is that while he was once a member of the federation, he was not in it now, and he is now advocating exactly opposite principles to what the American Federation of Labor has declared for. At its annual convention the American Federation of Labor unanimously declared in favor of the right of industrial unionism, a fact which the Sherman silver purchase law was repealed, all the leading labor organizations in the country, including the International Coopers' union, the American Federation of Labor, the Industrial Union of Marine and Shipbuilding Workers of America, the United Brotherhood of Carpenters and Joiners of America, the International Union of Bricklayers and Allied Craftworkers, and the International Union of Painters and Decorative Artists, and the use of the term "industrial unionism" as a synonym for "industrial unionism" as a synonym for "industrial unionism."

This memorial was signed by Marion H. Drake, president of the National Alliance and Industrial Union; J. S. Knicker, grand master workman, Knights of Labor; Samuel Campbell, president of the American Federation of Labor; John McBride, president of the United Brotherhood of Carpenters and Joiners of America; A. R. Johnson, president; Farmers Mutual Benefit Association.

"Every member of the American Federation of Labor," proclaimed his position as above the other day, and Grand Master workman, Knicker, of the Knights of Labor, is taking a prominent part in the silver campaign.

Another eminent worker in the field of organized labor, John McBride, president of the American Federation of Labor, takes the same stand. Not only does he advocate the same position, but United States is supporting McKinley and the St. Louis platform," he says.

"Every labor organization of any consequence in the country has declared for the free coinage of silver and voiced their opposition to law by injunction. When the moneyed men of the land all rush to the support of McKinley and the gold standard, it is time for labor leaders, labor papers and laboring men to get on the other side, because experience has demonstrated that there is nothing in common between the men who make wealth and the men who take wealth."

These are the words of the recognized leaders of the labor unions, the declarations of the great labor organizations, and yet A. C. Rankin is opposing the election of McKinley and the consequent election to great political power of Mark Hanna, the destroyer of the Sumner's union, and the hero of the war against labor in the Ohio coal fields, and yet poses as a union laborer! A man is best known by the company he keeps, and organized labor can hardly be expected to follow the advice of one who is advocating the cause of Hanna, Frick and Rockefeller.

There is a little trick which accompanies all of Rankin's speeches which will undoubtedly be attempted in Duluth. The gentleman carries a supply of Bryan buttons and during the meeting these are scattered over the floor. Next morning the morning papers announce gravely and triumphantly that
